PRICE THREE CENTS

BURGLAR SURPRISED LOOTING HOME

Indictment Fails To Halt Daugherty Probe

NEW FORCE IS DECLARED BEHIND QUIZ

Action Against Wheeler Adds Determination, Brookhart Says

MORE WITNESSES CALLED

Testimony Taken as to Prosecution of Post-War Cases

WASHINGTON — (Associated Press) — The senate committee appointed to investigate the department of justice and the official acts of Harry M. Daugherty, announced after an executive session today that its inquiry would proceed with renewed force despite the indictment in Montana of the committee prosecutor Senator Wheeler.

At the meeting behind closed doors the indictment returned against the Montana senator was discussed at length and afterward Chairman Brookhart made this statement:

"This investigation will proceed and proceed with a force and determination it has never shown before."

The chairman then called to the stand in open session George W. Storck, the department of justice accountant who testified yesterday, and he was questioned about a list of department cases on which he had worked. Most of his testimony yesterday had to do with the old Hickory Powder plant, but today his examination swung into phases of another of the big post-war cases, that involving the Bosch-Magneto Co. CASE AGAINST GUFFEY

Storck said he had worked on the proceedings against Joseph P. Guffey, a Democratic leader in Pennsylvania, and former director of sales for the alien property custodian. He said "I indicted Guffey" after an investigation.

Reading from his examination of Guffey's books, Storck said there was a "shortage" in interest amounting to \$398,000. An indictment for embezzlement was returned against Guffey, but "nothing done on it," the witness said, and the shortage was "made good" in March 1921, after various negotiations between the alien property custodian and the treasury department.

"I know that this money was used by Mr. Guffey for his personal use and that he subsequently found it was in the treasury," Storck said. Guffey "invariably" retained funds for some months when he made sales, he added, and these funds were earning 2 1/2 to 3 per cent while he held them.

The alien property custodian, A. Mitchell Palmer, he said, was aware of this condition. The Bosch-Magneto Co. sale, a \$4,000,000 transaction, was handled by Guffey as a trustee account in the Chase National Bank, New York, Storck said, and after "had the use of the Bosch records for 52 days."

Guffey was in "financial straits" at the time of the banking transactions, the witness continued, owing to a failure of the "Guffey-Gillespie Oil Co." going into detail about sale of the Bosch-Magneto Co. Storck said Secretary Weeks "is not and has not been for 15 years" a member of the firm of Hornblower and Weeks which figured in the sale. The sale now is merely a firm name, he said.

"Did Guffey use that money to promote the Guffey-Gillespie Oil company?" asked Senator Wheeler. "He used that money to borrow money to promote that corporation," Storck said.

OLIVE RECORD READ
Martin E. Kern of Allentown, Pa., told him the witness that he Kern induced Palmer to seize the concern as alien property. Kern's police record was read at this point, showing various arrests, convictions and sentences.

"Kern purchased this property when he was not a citizen of the United States in violation of law," he said, and added that Kern never was prosecuted in the case. He and his associates "made a million dollars on the Bosch deal," Storck declared, "without putting up a red cent."

Turning to the part played by A. Mitchell Palmer in the case the witness said Palmer put in a board of directors for the Bosch company, had immediately voted themselves salaries up to \$10,000 and additional directors' fees which in some cases amounted to \$15,000. Going to the "legal expenses" of the company under these directors the witness cited payments of \$400 and \$25,000 to J. M. Covington, whom he identified as "Palmer's campaign manager."

FOUND

LIEUT. ERVINE R. BROWN

A man, positively identified, according to police, as Lieutenant Ervine R. Brown, navy paymaster, who died from his ship at Mobile, Ala., \$120,000 short in his accounts, has been found in San Francisco. He was found lying in a roadway in Golden Gate Park. Officials believe him to be insane.

SOLON TO BE TRIED NEXT TUESDAY

Congressman Langley to Face Liquor Charges

COVINGTON, Ky.—(Associated Press)—United States District Judge A. M. J. Cochran announced here today that he would set the trial of Congressman John W. Langley, of Kentucky, who is charged with conspiring to sell liquor obtained on fraudulent permits, for next Tuesday.

Congressman Langley has informed government officials that he would be in Covington the latter part of this week and plead to the indictment returned Monday by the federal grand jury here.

Capitales for the arrest of the three defendants named with Langley in the indictments have been mailed to Washington and Philadelphia and it is expected those will be served before the end of the week.

United States District Attorney S. A. Smith announced today that M. E. Huth and W. B. Carey, Canton, O., already had appeared at his office.

SICKNESS CAUSE OF SUICIDE

Hiram Weagley Hangs Self in Basement of Home

Despondency because of ill health caused Hiram H. Weagley, 70, to commit suicide by hanging Tuesday afternoon in the basement of his home, 228 E. Second-st. Coroner Frank Smith rendered this verdict. The body was found by his wife hanging by a rope around his neck from the steps leading to the cellar.

Shortly after noon Tuesday, Weagley told his wife he was going to the basement to fix the furnace. About an hour later, she called him and when there was no response, she went down to look for him. She found his body hanging by a clothes line, which he had wrapped around the top step. It is thought he tied the rope around his neck while standing on a box, then kicked the box from under him.

According to relatives he declared several times that he would end his life if his condition did not improve. He had been suffering from stomach trouble for the last three years. Although he had been in a despondent condition for several days, it is said he had not recently complained of his health.

Surviving are the widow; one daughter, Mrs. Nola Purcell, of Cairo; and four sons, Clarence, Samuel, Earl and Cornelius, all of this city. A sister and 14 grandchildren also survive.

SEAMAN TURNS BLACK
HULL—The medical profession here is puzzled by a Danish seaman who has gradually turned black in the last six months. The man has been admitted to the local Poor Law Hospital. The skin all over the body is so discolored that he looks almost like a negro.

SCHOOLS TO READ BIBLE EVERY DAY

Board of Education Orders 10 Minute Study of Scriptures

NO COMMENT IS PERMITTED

Other Matters of Interest Are Taken up by Body at Meeting

Bible reading for 10 minutes daily without comment in all rooms of the public schools was adopted by a vote of four to one in a resolution presented before a meeting of the board of education Tuesday night.

The resolution was made a rule of the board and will become effective at the opening of school in September.

Charges were hurled by L. G. May, board member that there were not Bibles in every school room, and that little attempt is being made to include the Bible or other religious or moral instruction in at least some of the rooms.

Supt. J. E. Collins, replied vigorously that a program of Bible study was included in the courses. He said that it had given satisfaction for many years, and even received praise.

AUSTIN'S VIEW
His contention was upheld by Ralph W. Austin, who said that in a tour of the schools he had found children able to repeat verses. He asserted that reading from the Bible 10 minutes daily will not add to the appreciation of religion.

Many of the children will not understand it, he said, and the reading will become a bore.

"It will become a hollow mockery," he asserted, "besides, being offensive to some sects and creeds. It's loaded with dynamite."

Religious teaching, I. F. Judkins declared, is the basis of all education. Placing a Bible in each room, and prescribing study, he said, will teach respect for it.

Program for study already in effect will be continued, Prof. Collins was instructed. It was approved, but May and Dr. Buchanan, expressed the belief that it has not been carried out in all of the rooms.

Buchanan, May, Judkins and Hughes voted for the resolution. Austin voted no. Hughes favored the resolution on the ground that the schools provide some sort of moral and religious instruction for children who do not receive it at home or in church.

APPOINTMENTS
Rules for the employment of teachers in the future were passed. Hereafter teachers will be appointed by the superintendent, at the first meeting in May, and confirmed at the next meeting.

Acceptance must be filed in 10 days. Full pay will be allowed for five days illness and half pay for five additional days.

Right of appeal to the board in writing in case of controversy between principals and teachers was established by the board.

Attitude of Manager C. A. Bingham on paying in front of schools was characterized as childish by Ralph Austin, in discussing the situation at the Whittier school.

Austin charged that property owners have been misinformed by Bingham regarding the position of the board on paying Hughes. The impression has been given out, he asserted, that the board is blocking the paving.

By law the board can expend no money for paving. Efforts of the board to close an alley crossing the Whittier campus, have been halted because several abutting lot owners will not sign, unless the board signs for the pavement, it was stated.

METERS ORDERED
The building committee, reported the city has demanded installation of water meters in buildings, although the schools do not have to pay for water. They were voted in.

The tile roof at McKinley school was reported cracking and crumbling. Trouble will be experienced in repairing the roof, as the tile factory making the tiles has quit business.

Furnaces in several buildings were reported in bad shape and to be fuel eaters.

The athletic field at Horace Mann school will be enlarged to make room for more bleachers for foot ball fans.

Report of superintendent J. E. Collins, for the seventh month shows a highly satisfactory situation. Total enrollment is 8,968, average attendance 7,711. The increase of 219. Percentage of attendance is 85.4, against 83.5 for last year. High schools show a

NEW RAIL CHIEF

P. E. CROWLEY

N.Y. CENTRAL HEAD ELECTED

P. E. Crowley Chosen as Successor to A. H. Smith

NEW YORK — (United Press)—P. E. Crowley was elected president of the New York Central today, succeeding A. H. Smith, deceased.

A. H. Harris, a vice president like Crowley, was elected a member of the financial committee and made its chairman. He will also remain in charge of finances and corporate relations.

George A. Harwood was appointed vice-president in charge of improvements and developments. Raymond D. Starbuck, was appointed vice-president in charge of operations.

CHARGES AGAINST COURTS MADE

Lucas-co Justices of Peace Accused of Illegal Acts

TOLEDO — (Associated Press)—Charges that many practices probably amounting to violations of the criminal statutes of Ohio were engaged in by Lucas-co justice courts in their handling of liquor cases are contained in the report of H. H. Griswold, assistant attorney general, made public today.

Griswold and his assistants for several weeks have been investigating conditions in the Lucas-co courts. This investigation was made following sensational charges made by Federal Judge John M. Killits. Scores of witnesses were examined and books of the various justice courts and courts of mayors of Lucas county villages were examined.

Among other things the report said: "We believe that evidence before the investigators warrants the statement that the following are practices which were more or less general in all of the courts which have tried prohibition cases and that in many of these cases the practice probably amounts to a violation of the criminal statutes of Ohio."

"We find that practically all of these courts have made excessive and illegal charges for the transportation of prisoners and evidence regardless in many cases whether the persons and evidence were actually transported or not, and have taxed illegal costs for their service of writs, which, in fact, were never served."

"Deputies, marshals and constables have been appointed by these courts who could not qualify for office by reason of not being residents of the political subdivisions which they purported to serve."

"Some of the magistrates have indulged in the practice of signing blank warrants of process which were subsequently filled out by the officers who served them without any authority of law."

"Fines have been assessed against offenders who must have been known by the magistrates to be habitual violators but who were not charged with having committed a second or third offense and in whose cases the punishment provided by the state law was not inflicted. This was done by means of giving of fictitious names and addresses and by designation of such substitutes to take the fall for the offenders."

"The courts have failed to send to the grand jury of Lucas county cases which must have been known to be third offenses and cases amounting to felony of which therefore they had jurisdiction merely at examining courts."

SENATOR WHEELER MAY BE ARRESTED TODAY

Montana Solon Accused of Receiving Unlawful Retainer

INDICTED BY GRAND JURY

Allegations Denied by Prosecutor in Daugherty Probe

GREAT FALLS, Mont. — (Associated Press) — Gordon Campbell, geologist and oil operator, indicted yesterday with Burton K. Wheeler, United States senator from Montana and prominently identified with the senate Daugherty investigating committee, gave The Associated Press a signed statement last night denying that he ever had paid Senator Wheeler any sum of money to obtain government oil and gas prospecting permits, the basis of the indictments against the senator. Campbell was indicted on a charge of using the mails to defraud.

"Any statement that I paid Senator Wheeler \$4,000 or any other sum to secure government permits is absolutely false and baseless," Campbell said.

Campbell attributed his indictment to the Standard Oil Co.

"It is well for the people to hear in mind," his statement said, "the horrible disclosures that have been made recently before the oil committee in Washington. The situation in Montana is no different — the independent operator is doomed, providing the Standard Oil Companies are able to bring it about."

Wheeler is charged specifically with unlawfully receiving money as retainer fees to influence the issuance of oil and gas prospecting permits by the commissioner of the General Land Office and the secretary of the interior.

L. C. Stevenson, oil promoter and former business associate of Campbell, and a number of other oilmen also were indicted on charges of using the mails to defraud. Campbell and Stevenson are the discoverers of the Sunburst-Kevin oil field in Montana.

Warrants were served on Campbell and Stevenson late yesterday and they arranged bonds of \$5,000 each. United States District Attorney John L. Slattery, who presented the case to the grand jury, said that a warrant for Senator Wheeler's arrest would be telegraphed to Washington.

The indictment charges that Senator Wheeler accepted money from Campbell and others to obtain for them oil and gas prospecting leases which gave them exclusive right to develop oil on government land for two years.

WHEELER HITS AT ACCUSERS

WASHINGTON — (Associated Press) — Rising to a question of personal privilege, Senator Wheeler, Democrat, Montana, denounced on the senate floor today the indictment returned against him yesterday by a grand jury in his home state.

The Montana senator first gave a brief resume of his personal career from his birth on Massachusetts to his entrance into public life in Butte, Mont., where he said he incurred the ill will of one of the largest financial interests in the state by voting for Senator Walsh, Democrat, his present colleague.

For that vote Senator Wheeler said, he was told he could not remain in public affairs in the state. During service as district attorney he said "it became my duty to prosecute some prominent politicians, both Republican and Democratic, and to cite certain public officials for contempt on charges of tampering with a jury."

One of these officials, he said, later became associated with a large copper company and from that point on "has been active in opposing me."

"While in office," Senator Wheeler continued, "I found it incumbent to prosecute graft and corruption and here I find myself in the department of justice investigating and prosecuting."

The foreman of the Montana grand jury was described by Senator Wheeler as "the bitterest political enemy I have."

"The man who presented the evidence to the jury," he added, "recently had sought his (Wheeler's) aid in obtaining an appointment."

"This indictment," he said, "is part of one of the most damnable conspiracies ever consummated in the United States."

CHARGES DENIED
WASHINGTON — (Associated Press) — Senator Wheeler, Democrat, Montana, today denied charges that he had received money from oil and gas operators to obtain government permits.

Wheeler said he had received money from oil and gas operators to obtain government permits, but he said he had never received more than \$1,000 from any one person.

Wheeler said he had received money from oil and gas operators to obtain government permits, but he said he had never received more than \$1,000 from any one person.

Wheeler said he had received money from oil and gas operators to obtain government permits, but he said he had never received more than \$1,000 from any one person.

Wheeler said he had received money from oil and gas operators to obtain government permits, but he said he had never received more than \$1,000 from any one person.

Here's a sketch of Senator Wheeler in a characteristic pose as he appears in action with the senate investigators.

OHIOAN TESTIFIES IN OIL QUIZ

W. H. Miller Tells of Seeing Hamon at Chicago Convention

WASHINGTON — (Associated Press) — Further inquiry into reports of "deals" at the Republican national convention at Chicago in 1920 was made today by the senate oil committee.

J. W. Baughn of Hartington, Tex., formerly an oil operator of Oklahoma, testified that the late Jake Hamon, Republican national committeeman of Oklahoma, told him he had "signed the check" that resulted in the nomination of W. G. Harding.

This conversation took place after the Chicago convention, Baughn said. He quoted Hamon as saying he would spend \$1,000,000 if necessary to put Oklahoma in the Republican column in the general election.

William H. Miller, of Columbus, Ohio, testified that he assisted in Harding's pre-convention campaign, visiting the northwestern states. He first met Hamon at Harding headquarters at Indianapolis before the convention and later saw him at the Chicago convention.

"I had no part in the collection or disbursement of funds," Miller said. J. B. French, of Oklahoma City, testified last Monday that Hamon had told him he had given \$25,000 to Miller to pay the headquarters expense of the Harding committee at Chicago.

TRAIN KILLS TWO

Man, Woman Victims of Crossing Crash at Toledo

TOLEDO — (United Press) — An aged man and woman were killed today when the automobile in which they were riding was struck by a New York Central train Number 19, westbound at the Reynolds Road crossing.

The car bore Michigan license Number 224224. The records of the Michigan state registrar show the car was owned by J. E. Jenkins, Mich. Jenkins and his wife left Adrian at 10 a. m. today for New London, Ohio, to visit their daughter. Officials are convinced that the victims are Mr. and Mrs. Jenkins.

THIEF FLEES WHEN OWNER SEEKS HELP

Loot is Found Piled up in Dining Room of House

SCREEN CUT, GLASS BROKEN

Minor Robberies Are Reported to Police by Victims

A burglar trapped while looting a house at 626 N. Collett-st Tuesday night escaped thru a kitchen window when the owner, William Kinzer, went to a neighbor's home to borrow a revolver.

Valuables in the house, collected in a heap in the dining room, were left behind by the burglar in his hurried flight to safety, police were told.

Kinzer went home at 8:15 p. m. Tuesday and saw a burglar working in his house. A back porch window stood open and the back door was locked. Kinzer snapped off the lights and hurried to the home of Floyd Deeth and secured a revolver.

He returned to the house and stood guard at the kitchen window to trap the burglar when he emerged from the house with his loot.

In the meantime in response to a call to police headquarters Officer Mills responded. Mills went thru the house and found that the looter had escaped. It is believed he made his get away when Kinzer went to get a gun.

SCREEN CUT
Entrance to the house was forced thru a back porch window. Screen covering the window was cut and the glass shattered, part of it being found in the dining room where the burglar was reported seen by Kinzer.

Finger prints left behind by the burglar are being taken by police who are working to stamp out a second outbreak of banditry similar to the nightly hold ups and burglaries here two months ago.

Belief that the Kinzer burglar is the mysterious and daring assailant of Lewis Granger, 539 S. Pine-st, who was felled with a blackjack early Monday morning and robbed of \$24 when called to the front porch of his home, is discredited by police who have their theory on the supposition that the burglar at the Kinzer home knew the house was unoccupied and thought he would experience no trouble in looting the house.

Activities of accessory thieves continue unabated with reports of thefts and attempted thefts filed daily at police headquarters.

Minor Van Pelt, No. 3 Majestic-bldg, reported the theft of an extra tire and rim from his automobile parked Tuesday night at the rear of the K. of C. home, W. North-st.

Two youths in an automobile were frustrated in their attempt to steal a tire from the automobile owned by Early Shively, 331 Laney-av. Shively reported to police that they drove up to his car, which was parked on W. Sprink-st, and were working to remove the extra tire when he appeared. They jumped into their automobile and drove away.

TRIAL NEARS END

Case Against Gov. McCray May Reach Jury Tomorrow

INDIANAPOLIS — (Associated Press) — Final arguments were begun today in the trial of Governor McCray, charged with embezzlement of \$155,000 from the state has been allotted each side for argument.

It is expected the case will reach the jury tomorrow. The defense rested late yesterday without calling Governor McCray.

BELGIUM WAR MONUMENT TO HONOR FRENCH NATION

SAINT-ADRESSE, France — The Belgian people have begun the erection of a monument in this suburb of Havre in memory of the hospitality accorded the Belgian Government when it removed here during the four years their country was in the hands of the Germans. The monument will be unveiled in August.

ROTARIANS BEGIN TO ARRIVE

Final Arrangements Being Made for Big Convention

LADIES TO BE ENTERTAINED

Extensive Program is Laid Out for Visiting Delegations

With more than 900 reservations already received and more than 1,100 expected, with officials and speakers already arriving, and with the program complete with arrangements made for the entertainment of the ladies, everything is all set for the grand opening at 9:30 a. m. Thursday of the annual conference of Rotary clubs from the twenty-first district, at Trinity M. E. church.

Samuel Siddall, of Warren, district governor, presiding officer at the convention and one of the principal speakers, arrived in Lima Wednesday at 11:50 a. m. He was welcomed by officials of the local club, and was taken to lunch with them at the Hotel Normal.

Siddall will convene the conference Thursday at 10 a. m., after which John Bain Taylor, of England, vice-president of Rotary International, will speak. Taylor is scheduled to arrive Wednesday evening.

Out of a possible 200 who are expected, reservations for 175 wives of Rotarians are on file. They will be received by a committee of Lima ladies. Luncheon and entertainment for them will be held at the Elks' club from noon to 2 p. m. Thursday.

On Friday all visiting ladies will enjoy a trip about Lima and a visit to the State Hospital. The trip starts from registration headquarters at the Y. M. C. A. promptly at 9 a. m. Friday and is scheduled to end at 11 a. m.

MANY DINNERS

Arrangements have been completed for the intercity conference dinners for the 25 delegations to be present. The dinners will be held from 1:30 to 2:30 p. m. Thursday at the Elks' club. Naval hotel, Argentine hotel and the Hotel Barr will follow.

Thursday's program follows:

At 9:30 a. m. Roy B. Barnhardt, president of the Host club will call the meeting to order, after which the Rev. Charles A. Rowand, pastor of Trinity church will have the invocation, followed by announcements and other miscellaneous business.

District governor Samuel Siddall will convene the conference at 10 a. m. and Henry A. Roemer, president of the Canton club, will respond.

An address by John Bain Taylor, of London, vice-president of Rotary International, will be a feature of the morning session, and is scheduled for 11:15.

The noon conference luncheon at the Elks' club, Argentine hotel, Naval hotel and the Hotel Barr will follow.

A discussion of boys' work in Rotary by George C. Mitchell, executive director, will be a feature of the afternoon session, and is scheduled for 1:30 p. m.

From 6:30 to 8:30 the intercity conference dinners for the various clubs will be held.

At 8:30 a. m. at conference headquarters, Arch C. Klump, of Cleveland, past international president and at present a world-wide Rotary organizer, will address the conference on "World-Wide Rotary."

Friday will be devoted principally to business, followed by reports of the various committees.

The biggest social of the conference will be the Governor's Ball, which will open at the Elks' club at 8:15 Friday night. Cards and dancing will be enjoyed by Rotarians and Rotary wives of 23 clubs until midnight.

The conference will be officially brought to a close at 3:30 Friday afternoon.

Y. W. NAMES DELEGATES TO NEW YORK MEETING; PLANS CAMP AT ORCHARD ISLAND

Delegates from the Lima Y. W. C. A. who will attend the national Y. W. C. A. convention at New York City, April 26 to May 6, will be Mrs. Ira L. Longworth, president of the local association, who will represent the board of directors, Mrs. Florence Dorsey, of the industrial committee; Miss Edna Rieger, representative of the industrial and business girls' clubs; Mrs. Louis Fair, visiting delegate; and Miss Ruth Seamon, local Y. W. C. A. general secretary. These delegates were officially named at the monthly meeting of the Y. W. C. A. board of directors at the home of Mrs. S. M. Williams, 763 W. North-st., Tuesday night.

Decision to have a summer camp at Camp Tuckaway, Orchard Island, was made at the meeting. The subject of a proposed membership has been brought up by Miss Seamon and discussed pro and con by Mrs. Harry Taylor and Mrs. C. A. Baker.

The industrial committee reported an attendance of 121 at 23 different club meetings during the month of March. The South and Central Blue Triangle, Girls' Reserve and Alumnae clubs had a total attendance of 618 at their March meetings.

ALLEN-CO SCHOOL TEACHER CANDIDATE TO CONVENTION

C. A. Rusler, principal of M. Beth school, Allen-co, is one of the school teachers in Ohio who are candidates for delegates to represent the Ohio Teachers' association at the annual meeting of the National Education association in Washington, D. C., on the first week of July. Twenty-two delegates are to be elected by the 29,000 members of the state teachers organization. Ballots are to be returned not later than April 24.

The Ohio delegation will go to the meeting pledged to support a movement to have officers of the national association nominated from the floor, which is expected to democratize the national organization.

ST. OLAF CHOIR TONIGHT. DON'T MISS IT. SEATS \$1.00 AND \$1.50.

FLIGHT SPONSORS

These are the godmothers of such Sam's round-the-world flight. They christened the planes at Sand Point Field, Seattle, just before the fliers took off on the second lap of their long jaunt. From top to bottom the sponsors are Mrs. David Whitcomb, wife of the president of the Seattle Chamber of Commerce, who christened Major F. L. Martineau; Mrs. Thea Smith and Mrs. Theo Kounig, wife of the commandant at Sand Point; Mrs. M. P. Harmon, Chicago; and Mrs. Aurilio Connell, wife of a captain in the army air service. They "stood up" for Lieutenant Erik Nelson's plane, The New Orleans; Lieutenant Lowell H. Smith's The Chicago; and Lieutenant Leigh Wade's The Boston.

SKAT PREDICTS SUN WILL SHINE

Seat, the cat weather forecaster, was happy Wednesday. His reputation as a prophet was vindicated about about 4 a. m. when rain fell in torrents. By the time most of the citizens were up and on their way to work, however, the sun was shining. "Now that I have made a success at predicting rain and clouds I'm going to give folks a little sunshine," said Skat. "It will be generally fair Wednesday but may turn slightly colder Wednesday night and Thursday."

SENATE TO PROBE WHEELER CASE

Senator's Charge of Frameup Ordered Investigated

WASHINGTON—(United Press)—The senate today voted an immediate investigation of charges by Senator Wheeler of Montana that he had been "framed" in the indictments returned against him yesterday at Great Falls, Mont.

Following a stirring speech, in which he denied the charges in the indictment and declared it was a move to block the senate Daugherty investigation, Senator Wheeler, Montana, his colleague introduced a resolution, providing for an investigation of this charge which was promptly passed.

MAN AND WOMAN KNOCKED UNCONSCIOUS BY LIGHTNING

TOLLEDO—A man and a woman were knocked unconscious at their radio sets and the rotary station of the Toledo and Western Interurban line was set on fire and heavily damaged last night by a severe electrical storm.

Clara Corns, 27, and Mrs. Margaret Cook, were knocked unconscious and Corns' right arm was completely paralyzed by a bolt of lightning.

Mrs. Cook was listening in on a concert when the lightning struck the antenna of her radio. She was knocked to the floor and stunned. The same bolt also struck the antenna of the station operated by Corns. Corns had returned early in the evening and when the storm broke he arose and went to his set to throw the switch to the lightning arrester. As he touched the switch handle, the bolt struck the wires. Corns was reported not seriously hurt.

FREIGHT SUIT FILED

Payment of \$460.14 for freight on eight car loads of cotton hulls shipped to Lima from Texarkana, Tex., is demanded in a suit filed in common pleas court by the L. & O. railroad against the Lima Mattress Co., 506 N. Main-st. and D. Bernstein.

COOLIDGE LEADS IN 3 STATES

Runs 26,000 Ahead of Johnson in Illinois Primary

HIRAM BEHIND IN NEBRASKA

President's Majority in Michigan May Reach 120,000

(BULLETIN)
CHICAGO — (United Press) — President Coolidge's majority in the Illinois presidential preference race with Senator Hiram Johnson was growing today as more complete, but unofficial returns came in from down-state.

The count in 3044 precincts out of a total of 5,668 in the state gave: Coolidge 238,972; Johnson 212,422.

OMAHA, Neb. — (Associated Press)—President Coolidge has a lead of about 20,000 votes over Senator Johnson of California when 911 precincts of 1,936 had reported from yesterday's Republican preference primary. The vote: Johnson 25,362; Coolidge 45,895.

CHICAGO — (United Press) — President Coolidge today was leading Senator Hiram W. Johnson in Illinois presidential preference race by 19,684 votes in the unofficial count from 2,487 out of the state's 5,758 precincts.

The count: Coolidge 185,525; Johnson 165,841.

For Senator, Republican, ex-Governor Charles Denen had a lead of approximately 14,000 over Senator McCormick. The count: Denen 165,632; McCormick 151,785.

For governor, Republican, the count from 2,012 precincts was: Governor Len Small 281,701; Senator Livingston, 237,753.

On the Democratic side the regular organization led by George E. Brennan, Democratic boss of Illinois, swept everything before it. Unofficial returns show that Brennan's unopposed slate of delegates to the Democratic national convention received an overwhelming majority over the slate of William G. McDade, candidate for the Democratic presidential nomination. Brennan's slate carried by two and three to one in nearly all parts of the state.

Thousands of Democratic voters wrote in the names of Mayor Evers, of Chicago, and Governor Al Smith, of New York, for president.

NEBRASKA VOTE
LINCOLN, Neb.—(United Press)—President Calvin Coolidge was leading Senator Hiram Johnson by 15,567 votes in 865 precincts out of 1,936 in the Nebraska presidential primary of yesterday.

The vote in 865 precincts reported was: Coolidge 58,783; Johnson 23,216.

Senator George W. Norris, progressive Republican, was assured of nomination with a vote of more than two to one over his nearest opponent. The vote in 934 precincts stood:

Norris 38,217; Charles H. Sloan 18,838; Fred W. Johnson 8,410.

A close race developed between A. N. Mathers and Adam McMullen for the Republican nomination for governor. McMullen had a lead of less than 2,000 votes in 526 precincts reported. The vote was:

McMullen 13,463; Mathers 11,888.

But few Democratic voters wrote in the names of four presidential nominees. William Gibbs McAdoo received the largest number of voluntary votes.

Governor Bryan apparently is re-nominated by a 2 to 1 vote over Charles Graft.

HIRAM BADLY BEATEN
DETROIT—(United Press)—President Coolidge's majority over Senator Hiram W. Johnson in Michigan's presidential primary Tuesday probably will total 120,000, returns from the accumulating precincts indicated today.

Henry Ford slowly increased his margin over Senator Woodbridge W. Ferris, later returns failing to show any trend against the automobile manufacturer.

Totals from 2,348 precincts' out of 2,894 gave: Coolidge 191,627; Johnson 89,139.

In the Democratic primary 2,296 precincts gave: Ford 35,372; Ferris 32,163.

CHILDREN HOME TRUSTEES FAIL TO ADOPT PLANS FOR PICKING SUPERINTENDENT

No decision as to the matter of appointing a new superintendent of the Allen-co children's home was reached Tuesday afternoon at a joint meeting of Trustees and county commissioners.

Disinclination was displayed by the commission to advise the trustees as to the best course of procedure.

An eligible list of nine persons, who qualified in an examination held two years ago, is available. Time for making a temporary appointment has passed, according to commissioners and if a provisional appointment is made the person named could only hold office a short time.

Trustees may seek advice of Prosecuting Attorney Eugene T. Lippincott, before calling for regular examination of applicants.

Several on the eligible list are said to be desirous of the appointment.

TRAIN CRASH VICTIM IS IMPROVING; MATE BURIED

Condition of John Solomon, who was injured Saturday in an automobile collision at Cairo, in which his wife was instantly killed, is greatly improved, according to information from the hospital.

Funeral services for Mrs. Solomon were held Tuesday at 10 a. m. at the Bethel Grove M. E. church near Cairo. Rev. J. F. Newcomb, of Cairo and Rev. D. N. Kelly, pastor of Grace M. E. church, officiated. Interment was made in Harper cemetery.

OH, SO PRETTY!

Mme. Diana of the Casino de Paris has the most beautiful back in all Paris. She won first prize in a recent pretty back contest. Her face, as well as her back, also has won her honors.

AKRON MAYOR IS SPEAKER HERE

Election Interest on Decline, Kiwanians Here

"Indifference is America's biggest problem today," asserted D. C. Rybolt, mayor of Akron, in his talk before the Lima Lions club at its weekly meeting Wednesday noon at the Barr hotel.

"Figures show that nearly all of our public officials are not elected by a majority vote of all eligible voters. In practically every case they are elected by only a small minority vote," Rybolt said.

"We are in the habit of referring to the United States as a nation of the rule of the majority, but it is in fact a nation governed by the minority."

"Only 20 percent of the voters today take any part in the primaries. When election time comes they do not have a good list of candidates for whom to vote. As a result, most any kind of a man is elected to office. This makes it easy for corporations to get their representatives in office who will work for their interests."

"If such a policy of indifference is continued by the American people it will have a great evil effect on the coming generation. Then in a few decades we will not have the good, old-fashioned high ideals to look to and work toward."

Rybolt also said the majority of the people in the United States today are not connected directly or indirectly with any church. Only 40 percent of the people, he said, have connections with churches, and a great number of these do not attend regularly. This, he said, is another evil which must be overcome.

Rybolt's solution to the big problems confronting America lies in the work of civic organizations, such as the Rotary, Kiwanis and Lions, and fraternities.

Announcement was made at the meeting that a delegate from the club will be sent to the international Lions convention in Omaha in June.

CHECKER CAB CO. NAMED IN \$5,000 DAMAGE SUIT

Damages of \$5,000 is demanded in a suit filed in common pleas court Wednesday by Willie Morris, colored barber, against Homer K. Wenger, and the Yellow Taxi Cab Co., for injuries alleged suffered when a taxi is alleged to have hit him in Main and Pearl-sts., April 15, 1923.

Morris asserts that his injuries were severe and have prevented him from doing his barber work.

Morris recites that on the date of the accident he was crossing Main-st east to west, with two buckets of coal and a Yellow cab charged upon him full tilt from the south. He said he was knocked to the pavement and his coat scattered and he was injured.

COLUMBUS GROVE GIRL ANNOUNCES ENGAGEMENT

COLUMBUS GROVE — Announcement of the engagement of Miss LaVerne Sink, daughter of Dr. and Mrs. H. H. Sink, to Harold Sommer, son of Mr. and Mrs. Peter Sommer, of Milan, Mich., has been made. Miss Sink is one of the leaders in the young society set here. Sommer is a nephew of Mr. and Mrs. Slem Lewis and has visited here on numerous occasions.

USE OF PADDLE IN AKRON SCHOOLS IS RESTRICTED

AKRON — Use of the paddle in the Akron schools has been restricted by the Akron board of education.

Under a resolution unanimously adopted yesterday, the board voted that no pupil shall be paddled except by or in the presence of the school principal. A motion to abolish corporal punishment was defeated.

THREE WOMEN, FOUR MEN ARRESTED IN VICE RAID

Vice raid conducted by Officers Hargrove and Godfrey early Wednesday morning at 665 N. Union-st resulted in the arrest of two white men and three colored women, who were charged with being inmates of a disorderly house.

USE OF PADDLE IN AKRON SCHOOLS IS RESTRICTED

Names of those arrested were placed on the blotter as Lulu Smith, Leitha Brooks, Francis Alexander, George Williams, James Smith, all colored, and Harry Smith and Oliver Hocketter, both white.

NEGRO COOK WINS NEW TRIAL

Halloran Shooting Case Will be Heard at Van Wert

KILLED TWO YEARS AGO

Hines Convicted and Sentenced to Fifteen Years

Otis Hines, 42, negro cook, won a decision in Ohio supreme court Wednesday when a new trial in some other county than Allen-co was granted him.

Hines was convicted of manslaughter by a common pleas jury for shooting Robert Halloran, 19, of 635 N. West-st, during the shop strike in 1922. He was sentenced to serve 15 years for the offense.

Appeals court Wednesday set aside the verdict on grounds that the lower court should have granted a change of venue to a neutral county. Supreme court upheld the reversal.

Hines shot Halloran, at the corner of Union and E. McKibben-sts., September 9, 1922. He was working for the B. & O. as superintendent of dining service during the shopmen's strike.

TWO SHOTS FIRED

Hines left the shops to go on an errand downtown. Enroute home he encountered Halloran and Enos Hickey, according to testimony in the case.

A fight ensued, during which one of the two boys is said to have hit the negro a blow in the mouth.

As he went down, Hines fired twice. He was carrying a revolver in his hand ready for use when he encountered the two. The shooting occurred at night.

S. A. Armstrong and Ira R. Longworth, attorneys for Hines, plan to hold the second trial in Van Wert-co. Money for Hines' defense, it is claimed, has to some extent been furnished by Negro fraternal orders.

Hines was living in Warsaw, Ind., when last heard of. He is out on \$10,000 bond. More than \$100,000 worth of property, owned by Ohio and Indiana negroes, is listed on the bond.

GIRLS PLAY "HOOKEY" AS WELL AS BOYS IN COUNTY

Girls like to play "hookey" about as well as the boys—so County Attendance Officer F. J. Pierstorff reports for the months of December, January, February and March shows. In that length of time Pierstorff investigated 231 truancy or irregular attendance reports, of which 178 were boys, and 103 were girls.

In investigating these reports and making personal calls in schools and homes Pierstorff traveled 1,104 miles. During March, the month when kids get the "hookey" fever, Pierstorff travelled a total of 420 miles. In January he travelled but 185 miles.

Age and schooling certificates were issued to 17 girls and 14 boys during the four-months' period. Fourteen children were excused temporarily from school attendance by physician's certificates.

THREE WOMEN, FOUR MEN ARRESTED IN VICE RAID

Vice raid conducted by Officers Hargrove and Godfrey early Wednesday morning at 665 N. Union-st resulted in the arrest of two white men and three colored women, who were charged with being inmates of a disorderly house.

Names of those arrested were placed on the blotter as Lulu Smith, Leitha Brooks, Francis Alexander, George Williams, James Smith, all colored, and Harry Smith and Oliver Hocketter, both white.

USE OF PADDLE IN AKRON SCHOOLS IS RESTRICTED

AKRON — Use of the paddle in the Akron schools has been restricted by the Akron board of education.

Under a resolution unanimously adopted yesterday, the board voted that no pupil shall be paddled except by or in the presence of the school principal. A motion to abolish corporal punishment was defeated.

COLUMBUS GROVE GIRL ANNOUNCES ENGAGEMENT

COLUMBUS GROVE — Announcement of the engagement of Miss LaVerne Sink, daughter of Dr. and Mrs. H. H. Sink, to Harold Sommer, son of Mr. and Mrs. Peter Sommer, of Milan, Mich., has been made. Miss Sink is one of the leaders in the young society set here. Sommer is a nephew of Mr. and Mrs. Slem Lewis and has visited here on numerous occasions.

Mainly About People

Joseph M. Butcher, Lima, scout executive, Tuesday night addressed a meeting of scoutmasters and assistants at Ft. Wayne, on the subject, "Leadership, Its Responsibilities." Wednesday night he is scheduled to speak before the scoutmasters' school at Van Wert.

Inventory of the estate of the late Dr. J. G. Pace, head of the District tuberculosis hospital, Shawnee-tp filed in probate court Wednesday shows a valuation of \$49,283.40. Heirs are Mrs. Isabel Pace and Dr. J. V. Pace, a son.

Walter Seely, prominent freshman at Purdue university, was initiated into the Beta Theta Pi fraternity, last Sunday. At the banquet which followed initiatory services, Seely represented the freshman class in responding to toasts. He is the son of Mr. and Mrs. F. A. Seely, W. Wayne-st.

Central Blue Triangle club will meet at the Y. W. C. A. Wednesday 4 p. m. Subject for the program is "What's Wrong in This Picture?" Talk on etiquette by Miss Virginia Warner. Devotions will be in charge of Miss Marion Johnston. Plans will be completed at the meeting for the Easter Vespers April 16.

H. J. Ridge, county agent, Ed Stalter, Allen-co Farm Bureau president, George Keller and John P. Gengler were the speakers at a meeting of Marion-tp farmers at Landeck Tuesday night. Ridge gave an illustrated lecture on "Legumes as a Basis for Economical Dairy Regulations."

R. W. Parmenter, 729 W. Spring-st., is confined to his home with bronchial pneumonia.

Annual election of officers and naming of trustees of Lima Family Welfare association will be held at 4 p. m. Thursday at the association headquarters, N. Elizabeth-st. The public is invited to attend, Mrs. Irene Mills Jackson announced.

SCHOOL TO READ BIBLE DAILY

(Continued From Page One)

Little less than the average. Central is 94.7 per cent; Franklin, 96.5 per cent; South high 94.4 per cent.

Longfellow school has the best record with 97.1 per cent. Whittier is lowest with 93.7 per cent.

A series of May programs will be given during the month by the music and physical education departments. The pageants will be held on the following dates:

MUSIC PROGRAMS

May 2, Irving, Garfield, McKinley, Emerson and Longfellow schools.

May 9, Franklin, Faurot, Lowell, Horace Mann, and Richardson schools.

May 15, Washington, Whittier, and Lincoln schools.

May 16, Groups from all schools by grades.

Night schools have closed for the year. Prof. Collins reported. An enrollment of 660 was attained and 23 instructors employed. Nineteen were in charge of the Smith-Hughes vocational classes. Half cost is met by state federal aid.

Continued state and federal support is assured for the coming year, by E. L. Hensch, state supervisor, Collins declared.

Both Lima high schools are now fully accredited in the North Central association.

Adoption of a plan for reducing cost of teaching per capita taken by the Central association was recommended to the board.

10 ATTEMPT ESCAPE AT MANSFIELD REFORMATORY

MANSFIELD—An attempt to escape by 10 prisoners at the state reformatory here yesterday, caused sudden abandonment of a meeting of state board of clemency which was in session at the prison. It was learned today.

Trustees reported the plot to T. C. Jenkins, reformatory superintendent and the prisoners implicated were placed in close confinement.

After the clemency board meeting has been disrupted by the absence of the superintendent, it adjourned for the day and members went to Sandusky to take up several cases there. Jenkins accompanied them.

DIES OF INJURIES

MASSILLON—Michael Davis, 30, died today at Massillon city hospital from injuries received March 31 while at work at the plant of the Central Steel Co.

AMBULANCE REMOVALS

HAMILTON'S: C. C. Haradon from City to 335 S. Charles-st; Mrs. H. Brewer from 915 Greenlaw-av to City; Mrs. George Claypool from City to 718 E. Market-st.

WHEELER MAY BE ARRESTED TODAY

(Continued From Page One)

erat, Montana, under indictment in Great Falls, Mont., on charges of having accepted money improperly after his election but before qualifying for office, intends to remain in Washington to continue prosecution of former Attorney General Daugherty's administration.

Denying that he had ever represented Gordon Campbell, oil geologist and operator, or others indicted with him in matters before the interior department, as charged, Senator Wheeler declared in a statement that "this indictment is simply the result of my activities here on the investigation committee."

He has acted for Campbell, he added, in litigation in Montana.

Former Attorney General Daugherty, when informed of grand jury's action authorized a statement that department of justice "had nothing whatever to do with the evidence against Senator Wheeler," all of which he said, was uncovered by the postoffice department.

COUSINS ACTS TO GET LIQUOR

Two Petitions in Court Ask for Return of Property

Application for return of portions of the stock of wines, and liquors confiscated at the Oakland hotel and a junk yard in 436 N. West-st, was filed in probate court Wednesday by Joe Cousins.

The liquor was taken by deputy sheriffs and state dry agents. It is stored in the county jail. Two applications were filed, one covers wet goods found in the hotel and the other part of the stores discovered in the junk yard.

The stock asked back in one application comprises 20 quarts of whiskey; 9 quarts of ale; 25 bottles of wine; 12 bottles of gin; one of Kimmel; two bottles of Irish whiskey; one quart of brandy; three of bitters; two vermouth; eight part bottles; one bottle of Scotch whiskey. It is part of that found in the hotel.

Cousins asks return of 55 bottles of Carmel port wine, found in the junk yard on ground that it is sacramental wine and was obtained thru a Rabbi in Toledo.

COUNTY ROADS TO GET \$36,000

Maintenance Funds Apportioned by State Department

NINE MILES UNDER CONTRACT

Traffic to be Counted at Highway Intersection

More than \$36,000 will be spent during the coming summer by the state highway department in maintenance of state roads in Allen-co. R. W. Fry, maintenance engineer for the first division announced Wednesday.

The money will be spread over 13 miles of state road. In addition the state will maintain and furnish all equipment, and provide additional betterments, such as guard rails, markers and signs.

State mileage in the county has increased more than 38 miles in the past three years, Fry declares. In 1922 maintenance was allowed by the state on about 15 miles.

Fry is of the opinion that not all of the money will be needed, as most of the pavement in the county is new.

The money he said will be principally spent on macadam surfaces which are to pieces more rapidly than black. Asphalt wears faster than black, but is more durable than macadam.

Reports that Allen-co is being slightly behind L. A. Boulay, state highway head in the allotment of state and federal road aid monies, was denied Wednesday by Frank Daum, division engineer.

He pointed out that while allotments of money have been made, there are more than nine miles of roads under contract in the county.

The roads under construction include a mile on the Spencerville-rd., one mile east of Delphos, between six and seven miles in Bellefontaine-rd., sections on which aid has been granted, but contracts are not let, include 900 yards at Scotts Crossing; about 1,200 feet in Bluffton, the Dida bridge and its approaches.

Contracts for building these roads have been let considerably under the estimates, the surplus will be credited to the county for road building.

It is planned by the state to put the surplus on a section of the Lima-Spencerville-rd. Reports that the state is leaving the county out of consideration, are false, Daum said, and are unfair.

Large signs, designating the city limits are to be placed on all state roads leading into Lima, by the highway department. Heretofore, motorists have not known the where the limits were.

One station for taking a census of vehicles, April 14 to 20 inclusive will be established in Allen-co. The station has been located at the intersection of the Dixie highway and Napoleon-rd at Beaverdam.

A count of pedestrians, horse drawn vehicles, passenger cars, light and heavy trucks, busses, tractors and threshing outfits will be taken. Checkers will watch the road 14 hours daily.

ANNUAL MEETING TO BE HELD

Allen-co Child Welfare Gathering Set for April 15

STATE WORKER IS COMING

Election of Trustees and a Banquet Will Feature Conference

The annual meeting of the Allen-co Child Welfare association will be held on Tuesday, April 15, at the Memorial Hall, Dr. Josephine Pierce announced Wednesday.

At the afternoon session, reports of the various officers and chairmen will be given. Election of five new trustees to the board will take place. The public is invited to attend this business meeting, which will be called at 2:30 p. m.

The banquet will be held at the Hotel Argonne at 6 p. m. Mrs. Belle Greve, who is superintendent of the division of child welfare of the state department of public welfare, will be the principal speaker, telling of her work abroad.

Miss Greve was with the American Red Cross for one year in Czechoslovakia and later spent some time in Armenia with the Near East Relief organization. Mrs. Greve is an intensely interesting speaker and in addition to relating her experiences with children in the other countries will tell of the work of the state department of public welfare.

Interested persons are invited to attend this banquet. Reservations are to be made to the Child Welfare headquarters, Main 5732.

MEAT CONSUMERS SET RECORD

18,481,000 Pounds Eaten in Past Twelve Months

CHICAGO — (Associated Press) — Government figures showing that a record was established in 1923 for production and consumption of meat, so far as total poundage is concerned, are included in a report made public today by Howard Leonard, chairman of the National Live-stock and Meat Board, to its members.

Mr. Leonard said the consumption of meat reached a peak figure of 18,481,000 pounds last year. "The figures show that only once since Federal meat inspection was established in 1907, has consumption of meat per capita exceeded that of 1923," he continued. "In 1908, it was 170.3 pounds as compared with 167.0 pounds last year. During the last decade or two, however, our population has been increasing at the rate of more than a million a year, with the result that total consumption has increased greatly since 1908, although consumption per capita is less than it was in that year."

BEEF CHOICEST FOOD — "The meat consumption last year represented an increase of more than 2,000,000,000 pounds over the average of the last five years. Approximately ninety per cent of this increase was shown to be in pork, attributed to record production of hogs."

The consumption of meat in the United States last year was divided as follows: beef, 6,518,000,000 pounds; veal, 873,000,000 pounds; lamb and mutton, 574,000,000 pounds; pork, 10,113,000,000 pounds; goat, 3,000,000 pounds.

"A big drop in meat exports was experienced following the world war, but 1923 came back with 963,000,000 pounds of meat exported, which was an increase of 226,000,000 pounds over 1922," Mr. Leonard added. "About 344,000,000 pounds of this amount was pork, Germany being one of the leading purchasers of this type of meat. Germany was also our largest buyer of lamb, the total exports of which broke all record."

Bronze Tablet Marks STORK'S INITIAL VISIT

NEW YORK — The stork's first visit to Manhattan Island bearing a white child is to be commemorated with a bronze tablet in the Town Hall. The tablet will bear the youngster's name, Jean Vinge, and that of his mother, Adrienne Caville Vinge.

Historians are just a little hazy as to the exact date of the stork's visit. Some place it in 1614, while others assert it was 1623. But that Jean Vinge was the first white child born on Manhattan, there is no doubt.

The Vinge home was located on a small farm at about the place where Wall and Pearl streets now cross.

BAILEY SERVICES — Funeral services for Mrs. Martha Ann Bailey were held Wednesday at 2:30 p. m. at the home of her daughter, Mrs. J. F. Fleming, 227 W. High-st. Rev. C. A. Rowland, pastor of Trinity M. E. church, was in charge. Interment will be made in Woodlawn cemetery.

FORCED INTO POLITICS

This Is Declaration of Doheny as to His Great Oil Business

This is the sixth chapter of "How I Made My Millions," E. L. Doheny's own story of his life. In previous chapters he told how he made his fortune, which made him one of the richest men in America and brought him into the limelight of the Senate oil investigation.

(BY E. L. DOHENY)

No man can do big business today without being engaged in government affairs.

And the men who know these affairs must be consulted in business. It is true in Mexico; it is true in the United States; it is probably true the world over.

We were forced into it in our business — by the business itself. Ours is now a business of oil and ships — and both play an important part in the national life, even international life, as Lord Curzon pointed out so well when he said: "The armies of the allies floated to victory on a wave of oil."

The men best trained in affairs of government are usually those who have been part of it. So there is really no need for the public to shake its head when it hears that a business man who has gone into the control of private industry, is now a public official.

Public men are hired for that which they can do for their employer or company. They are supposed to do the best they can — and they usually do.

Of all the men of influence whom I have employed I haven't met any — not even McAdoo — who didn't do the utmost.

The employment of such men of influence is like the employment of a physician. If they can prevent you from getting sick, you never know how much they have accomplished.

And there certainly is more satisfaction in the adviser, who prevents and helps, than in any other.

This was the type of advice I expected to get from the late Secretary Lane — the advantage of his wisdom, his help in making contracts, the diplomacy in obtaining action.

His lawyers are supposed to have these facilities — to exercise their facilities, like physicians, in preventing trouble, but not all of them do.

I still remember enough of my

BLACK AND CREAM CHOSEN AS COLORS FOR AUTO TAGS

COLUMBUS — Black and cream have been chosen as colors for Ohio 1925 automobile license tags. C. R. Wilson, state registrar, announced today.

Numbers and letters will be black on a cream background. No change is to be made in the design. Contracts have been awarded for four tons of steel with which to make the tags. Ohio penitentiary prisoners will manufacture them.

Thirty bids are on file for 6,500 gallons of cream and 600 gallons of black enamel.

Wilson estimated there will be 1,475,000 automobiles in Ohio next year.

MYSTERIOUS AIRPLANE CHRISTANIA

CHRISTANIA — The police believe that a large airplane is engaged in the smuggling trade in connection with a mother craft out at sea in the region of Fosnes.

On several moonlight nights recently, an airplane with numerous engines and powerful lights has been observed flying along the coast, and is believed to be operating with a number of smaller planes among the intricate maze of islands and channels off the coast near Trondhjem.

PARASITES FEAST ON NUT TREE

Island Governor Broadcasts to States for Help

INSECTS BORE INTO BARK

Pests Also Attack Bread Food and Banana Groves

AGANA, Guam — (Associated Press) — The coconut tree, the most treasured product of the Chamorro on the island of Guam, has been attacked by a destructive parasite, and the resources of American science are being drawn on to combat it.

When the insect was discovered recently the governor of Guam, Captain J. B. Price, U. S. N., appealed for help by radio to the department of agriculture in Washington. He then organized every local means available for fighting the arboreal plague.

Affected trees have been found at widely separated points on the island, but as yet the insect has not made great headway. Its mere presence, however, has caused consternation among the populace, for without the coconut tree the natives would feel lost.

INSECT KILLS TREES — The coconut scale, according to an agricultural circular of Fiji, is a minute insect, called the Aspidiotus Destructor. It attacks the under side of the leaf, killing the tree or stopping its yield. It has done serious damage in many of the South Pacific islands. H. G. Hornbostel, the local representative of the Bishop Museum of Honolulu, says the scale probably was brought to Guam on the feet of birds flying across from the Japanese island of Saipan, where the parasite already has wrought havoc. The pest attacks also the banana and bread fruit, important native foods.

The governor has enlisted the assistance of Mr. Hornbostel and of C. W. Edwards, of Hastings, Mich., head of the agricultural experiment station here. Native district superintendents and patrolmen, under scientific direction, are ordering the burning of infested trees as rapidly as they can be located. The entire island will be examined.

The coconut tree is the most important single element in the life of the Chamorros of Guam. Copra, the dried kernel from which oil is obtained, is the only article exported. The natives, moreover, bathe their houses with the leaves. They not only eat the coconuts, but feed their chickens and pigs on the same food. They drink the milk. The oil is used for cooking, lighting and shampooing the women's hair. Yeast and vinegar are made from the tuba. The husks are used for fuel.

Thus any danger to coconuts is a calamity for Guam.

VARICOSE VEINS ARE QUICKLY REDUCED

No sensible person will continue to suffer from dangerous swollen veins or bunions when the new powerful, yet harmless germicide called Emerald Oil can readily be obtained at Green's Public drug store or Hunter's drug stores.

Ask for a two-ounce original bottle of Emerald Oil (full strength) and refuse substitutes. Use as directed and in a few days improvement will be noticed, then continue until the swollen veins are reduced to normal. It is guaranteed and is so powerful that it also reduces enlarged glands, goitres and wens.

YOUTH IS BURNED

Shell Explodes When Match Is Applied to Powder

Glenn Holmes, 8, of 1077 W. Spring-st., was burned seriously about the face by the explosion of powder in a shotgun shell while at play Tuesday afternoon with a playmate.

Loss of eyesight was narrowly averted in the flash which enveloped the boy's forehead, cheeks and scorched his eyes and nose, leaving his face covered with blisters.

Police were told that the second boy struck a match to the shell which he held in his hand, while the Holmes boy stood close to see the explosion.

FIG KILLS A MAN

ROME — One of the quaintest accidents ever recorded took place recently at Frattamaggiore-Grumo, near Naples. A peasant was walking thru the village when, without warning, a pig fell on his head, killing him instantly. It was discovered that the pig had forced its way thru the bars of a balcony on the second floor of a house. How he got on the balcony was not disclosed.

ENDS OWN LIFE

MARION — John Ireland, retired farmer, committed suicide by hanging last night. His body was found in his garage today.

WAS DOWN IN BED WEEKS AT TIME

Sick All Over; Now Feeling Fine Since He Took the Plant Juice

CLEANSSED ENTIRE SYSTEM

"Before I took your Plant Juice medicine I was sick all over and was frequently off work and often laid up for a week to a month at a time but now, I feel fine and have not lost a day's work since I started taking Plant Juice," said Mr. William H. Conklin, well known painter living at 47 Maple avenue, Dover, N. J., while talking with The Plant Juice Man recently.

"My stomach, liver, kidneys and bowels were all disordered. Often, I would start to work and would have to go back home before I had gone very far. My stomach did not digest my food but instead, gas would form and I would bloat badly and get so nauseated that I would throw up my food which would be as bitter as gall. If I ate any heavy food or anything greasy, I would be in misery. My liver and kidneys were disordered and black spots would float before my eyes and I would get so dizzy I would fall. I was just a shadow of myself and had gone down from 176 to 154 pounds."

"Ten weeks ago I started taking your Plant Juice and I want to say that I am now feeling like a different man. I am back to 172 pounds which shows how I am regaining my health. I have a better appetite and enjoy my meals for I do not have gas or bloating and do not throw up my food as I did before. My bowels are regular; liver and kidneys work fine; dizzy spells have left me and my nerves are quieted so that I sleep better. In short, it seems like Plant Juice gave my whole system a thorough cleansing and I feel fine now — get up mornings refreshed and with new vigor and have not lost a day's work since I started taking Plant Juice."

Plant Juice is sold in Lima, at Hunter's drug stores, 43 Public Square and Main and Wayne streets; also at the Argonne drug store, opposite Post Office.

BATTLE TROPHIES ARE SOLD
Gifts of Kings Bestowed on Hero for Valor in Air
FAMILY LEFT DESTITUTE
Vedrine Performed Valuable Aid in Espionage Work

PARIS—(United Press)—The sad circumstances of the destitute family of a national hero inspired widespread bestowals of honor to his memory when the trophies of Jules Vedrine, famous French aviator, were sold at auction here.

The souvenirs of daring deeds before and during the war brought only 15,000 francs, chiefly because friends and admirers quickly bid in most of the articles and these have been handed back to the children of the aviator.

Vedrine, celebrated in the annals of flying as a pioneer breaker of speed records and sensational stunts, was killed in a flight to Rome, April 11, 1913. He was a popular hero before the war, and made his name in Spain, England and America with aerial triumphs.

But about all the remarkable prowess of the great "Jules" brought him in material form were decorations, watches and jewelry, and his death left his family, including his wife and four small children, actually penniless. To relieve their distress they had to part with their latest treasures.

The saleroom was crowded with persons who felt it a shame that the nation was offering a gold watch, one of the Fifth French Army brought the highest price, 6,000 francs. A cup given the aviator by the king of Spain brought 2,500, and the cup for the famous Paris-Madrid flight 2,000 or less than the metal alone is worth.

The chief purchaser was M. Plouffe, former tutor of the Vedrine family who purchased the gifts out of love for his pupils and returned them. M. Monier, a resident of Saint Denis, outbid everybody for the cup of the aviator and then gave it to the museum of Saint Denis.

The Vedrine was born.

He was in charge of the sale yesterday, with much emotion, the French decorations, saying that it was forbidden to put these up for

sale. Vedrine had won the highest military decorations. These included a cross of the Legion of Honor and a cross of the Order of the Star of France.

Vedrine was an unusual hero of the war. His name as an aviator, dropped out of public attention when the names of younger fliers were being heralded in all allied lands. But Vedrine was busy during those years on one of the most dangerous missions that any aviator was ever called upon to perform. The truth came out after the armistice. His job was to carry French spies behind the German lines, land them there and then return at a fixed minute—hours, days, and sometimes weeks later, to bring them back again. And he did this scores of times successfully.

In 1912 Vedrine broke the world's speed record for airplanes six times. The same year he went to America, and after many thrilling flights there, brought back the Gordon Bennett Cup.

"Jules" was a man of iron nerve and great audacity. Perhaps his most spectacular stunt was to land on the roof of a building. Taking off at the edge of Paris one day shortly before his death he flew to the center of the city and in sight of thousands of alarmed spectators came down neatly on the roof of the Galerie Lafayette, thereby winning a prize of 25,000 francs. The roof is 45 feet wide and Vedrine's plane was 40 feet from tip to tip. A stone monument on the roof marks the spot today.

After his spectacular career death came from a common cause in aviation. He was flying a Caudron and ran out of gasoline. In landing in rough ground he crashed.

STONE SWORN IN

New Attorney General Takes Oath at Justice Department

WASHINGTON—(Associated Press)—Harlan F. Stone, the new attorney general, arrived in Washington today, conferred with President Coolidge and then after inquiring of the White House policeman "where the department of justice is," went to his office there to be sworn in and take over his new duties.

Reaching the department at 9:30 a. m., Stone took the oath at once. There was no ceremony. The oath was administered by the department's appointed clerk, in the presence of a half dozen department officials.

CONVICTED OF MANSLAUGHTER
MARION—Charged with first degree murder in connection with the killing last September of James Watson, John Gibson today was convicted of manslaughter. Both men are negroes.

Why suffer from Rheumatism?

THERE is a certain unexplainable feeling that goes with hale and hearty old age—it is a feeling of lameness or neuralgia of the muscles, of care unknown, of old age youth.

But rheumatism—that deadly malady which has caused so many to surrender to the woes of pain and suffering—caused so many to forego the pleasures of life—caused so many to be dependent. Why suffer from it?

To be helped about—crutches, canes and willing hands always needed to assist you here and help you there. Rheumatism will vanish the same as colds and disorders—the same as a shallow complexion—the same as that run down condition when S. S. S. is used. S. S. S. is made of carefully selected and scientifically prepared and proportioned herbs and barks. Only pure vegetable ingredients are used. Stronger healthier bodies—bodies able to withstand the onslaughts of debilitating red blood cell diseases are the results of S. S. S. All by the score. Your nerve power is strength. The large size is the more economical. When rich, red, normal.

YOUTH SWALLOWS POISON DOSE

Illness Not Serious, Hospital Reports Reveal

Joe Kenegsberg, 20, is in St. Rita's hospital apparently suffering from a dose of poison taken Tuesday at 8 p. m. in the uptown district. He resides with his brother, H. H. Kenegsberg at 1170 Brice-av. Members of the brother's family were awakened about 10 p. m., by means from the young man's room. They rushed to his bed to find him in a semi-delirious condition and apparently suffering from great pain. When asked concerning his condition, he pointed to a note on the dresser which read, "Arsenic and strychnine. He declared he took a large quantity of the compound about 8 p. m. while uptown, later walking to his home. Whether he really had swallowed poison or was suffering from a slight illness could not be learned Wednesday. His condition was reported favorable at St. Rita's hospital where he was removed in the Williams & Davis ambulance. No reason could be given by relatives for the young man's act.

AUTO CRASH VICTIM IMPROVED; SWITCH CREW STOPS, GIVES FIRST AID

Lawrence Schrock, 628 N. Jackson, slightly injured Tuesday morning in an auto-train crash at Jackson st grade crossing of the Pennsylvania, sustained no internal injuries as first believed and Wednesday his condition was reported somewhat improved. Members of the train crew in charge of the switch engine stopped after the crash and rendered first aid to the man who was trapped in his automobile. According to a statement made Wednesday by C. H. Iman, yard master, "The crew rendered all aid that was possible and only when it was ascertained that the man was not seriously hurt did the crew leave the scene of the accident," Iman said.

WELFARE SOCIETY PLANS INTERESTING MAY PROGRAM

"Make May Day Children's Day" is the slogan the American Child Health Association has adopted at this time. The Ohio Public Health association is sponsoring this work in Ohio and has asked the Allen Co. Welfare association to take charge of the work in this city. Plans for the first program will be announced in detail when the state program has been received. Dr. Josephine Peirce said, Wednesday.

NEW CITIZENS WILL BE HONORED FRIDAY NIGHT

The seven foreigners who were granted citizenship Monday by Judge Fred C. Becker will be given a reception Wednesday night at the Y. M. C. A. together with their families and friends. Walter S. Jackson, Lima attorney, and Rev. A. A. Thomas will give talks. John T. Cotner, clerk of courts will present the seven men with naturalization certificates. The reception will be given by the ladies of the D. A. R. and the Y. M. C. A.

MUSIC MEMORY CONTEST WINNERS OF FRANKLIN HI DONATED SPECIAL PRIZES

Awards were made Wednesday afternoon to the pupils of Franklin Jr. High school who made perfect scores in the Music Memory contest held last month, and who were next highest to the four young people who went to Columbus, returning with state-wide honors. Henry Hilly was presented a copy of Walter Holden Pratt's "History of Music" by the Etude club, the presentation being made by Miss Violet Bradley, secretary of the club. Miss Margaret Kirk received a year's membership to the Woman's Music club, which was given her by Mrs. Charles Black, president of the club, and Miss Dorothy Burkhardt, Miss Dorothy Mochling and George Bun each received a copy of Bacon's "Opera Every Child Should Know" given by Mrs. Clarence Klinger. Miss Margaret Gregg and Mark Evans.

Appreciation of the splendid showing made by the Misses Josephine Peirce, Glenna Marie Robert and Mary Austin, at the contest in Columbus on March 23, was told by Miss Zella Foster, principal of the Franklin Jr. High School.

SCHOOL CLASS STUDIES WORKS OF LITERATURE

DELPHOS — Following the program given by the Senior class at St. John's High school Tuesday afternoon, Rev. Father Rupert spoke on the merits of the members of the class regarding their talent in delivery. He emphasized articulation as the most important factor in public speaking. The main theme of his talk was the distinction of Scott's work from that of Shakespeare's saying that the former began at the outside of the person for characterization, while the latter began with the heart and soul, and worked out. The program was practically dedicated to the works of Shakespeare, and during the whole affair the latter's works of literature were analyzed.

DELPHOS HIGH JUNIORS TO ENTERTAIN SENIORS

DELPHOS — Junior class of Delphos High school is planning to entertain the Seniors with a surprise program, and if anything may be credited to the latest reports, this program holds much diversion for the dignified members of that school before their departure in June. Conforming to the custom, this reception will be held in the gymnasium, the latter will be decorated properly for the occasion, and the affair in its completeness holds promise of a successful event.

STREET OILING DISTRICT IS OUTLINED BY COUNCIL

DELPHOS — Petition of Franklin-st. property owners asking that that street be declared an oiling district was recognized by Director of Public Service, Cecil Laing, and a resolution to that effect was passed by the council Tuesday night. The petition was signed by the majority of property owners and the total cost of oiling will fall upon the owners of abutting properties in the district between E. Fourth and Sutcliffe-sts. This district will be an oiling territory for a period of three years.

SAFETY DRIVE IS LAUNCHED

Council Acts Against Dangerous Railroad Crossings

DELPHOS — Immediate action by the city council to eliminate the dangers surrounding the crossings of the Pennsylvania and Cleveland Road railroads as they pass thru this city was demanded by City Solicitor W. S. Kimball at the council meeting Tuesday night. He urged that a resolution be adopted at once and sent to the two utilities. If this fails to bring about the placing of 24 hour watchmen at the more dangerous crossings the city should immediately apply to the state public utilities commission for relief, he asserted.

John Altenberger, president of council, appointed a committee consisting of Ben Davis, J. Myers and Pearl Weir to confer with the city solicitor and arrive at a decision as to the best plan of procedure. The number of fast trains passing thru the city will be ascertained and attempts made to discover which crossings are the most dangerous.

ELECTRIC LIGHT RATE IS BEFORE DELPHOS COUNCIL FOR ACTION NEXT MONDAY

DELPHOS — Light ordinance which calls for a 7-cent rate for the first kilowatt hour to be furnished by the Northwestern Ohio Light Co. is still pending in the appropriate council committee, as no report was made at the regular meeting Tuesday night in the city building. However, City Solicitor W. S. Kimball was authorized to draw up the ordinance to that effect and it will be taken up at the next meeting. The proposition of having another member to the police force was also ignored by the legislative body, and will probably not be taken up until the first or second meeting in May.

DELPHOS BRIEFS

Recital given at Bethany Lutheran church, Lima, Monday night, featured much of Delphos musical talent. Sarah Louise, John Beck, Harriet Viel, and Olga Leilich took part in the recital.

Mrs. Fred Brinkman, who is leaving soon to join Mr. Brinkman in Detroit, resigned her position as second vice-president of the Ladies Auxiliary to the American Legion Monday evening at a regular meeting of the organization.

A social will be held Friday, April 25, for the Legion, Auxiliary, and invited friends.

Ora Hittle, charged with the destruction of a tree in the West Side cemetery, has been freed of the charge. It was learned Wednesday. His case was ignored by the Van Wert-co grand jury.

BUTLER FUNERAL

Funeral services for Mrs. Almira Butler, who died Monday at the home of her daughter, Mrs. C. E. Ferguson, 741 Michael-av., will be conducted at the South Side Church of Christ, at 10 a. m. Thursday. Rev. W. H. Baker, pastor, will officiate. Burial will be in Woodlawn cemetery.

KIWANIS ENJOY SOCIAL TIME AT CLUB'S WEEKLY MEETING TUESDAY NIGHT

DELPHOS — Clem Moke, Van Wert attorney, gave a talk at the regular meeting of the Kiwanis club of this city at the Beckman House, Tuesday night. His topic ranged from the Kiwanis motto, "We Build," to the Golden Rule, with emphasis upon good fellowship. He clinched his argument with practical examples, and admonished the crowd that father should be close to the son, and be his best companion.

Miss Catherine Schaffer, W. Second-st., gave several solos and readings. She also sang several popular songs. The usual Kiwanis songs were sung by the entire body.

A meeting of the Public Affairs committee was held directly following the entertainment, but no definite action was taken regarding any public work, with the exception of reading the report of the Business Women's Association of the Park Fund Campaign, which showed a total of \$1,045.20.

RECEIPTS FROM FINES INCREASE AT DELPHOS

DELPHOS — Mayor G. N. Leasure's report for the month of March was read at the regular meeting of the council Tuesday night. The report showed an amount of \$226.70 collected in fines during that period. This amount is unusually large for one month and as is shown by records of previous years is a decided contrast to the small collections of previous administrations.

WATER SUPPLY CUT
DELPHOS — Water supply in this city was shut off for about an hour and a half Tuesday night, due to a leak in the water main. The water was turned on again about 12 p. m., but the leak has not yet been located.

YANK MAY DIRECT WAR DEBT SETTLEMENT

REPARATION PLAN SUBMITTED

Indemnity Board, With American Head, Recommended

PLAN OFFERED BY EXPERTS

Germany's Hands Freed in Report to Commission

PARIS—(Associated Press)—The report of the experts who have been engaged for the past three months in the task of ascertaining Germany's capacity to pay reparations was handed to the reparation commission today. The two committees under the chairmanship of Brigadier General Charles G. Dawes and Reginald McKenna, respectively, have completely into the intricacies of the many problems connected with reparations and submitted a report in the covering letter they approved of the task as business men anxious to obtain effective results.

The League of Nations, drawn into the reparation problem by the Dawes report, which is an official representative of the United States, is slated for an important role in the execution of the plan. An American member of the general board of control on the proposed new gold bank of 100 is quite likely to fill the important role of "commissioner" in the plan, a decision which Germany is expected to pay has been reached while the league finance committee will be asked to submit its recommendations in the plan.

A business matter, but it is not the task they have just completed. They interpreted the object of their work as tending to the collection of the debt rather than to the application of penalties, with a purely economic solution in view.

Recognizing the obligation of Germany to pay and deciding that she has resources with which to pay, the experts insist that if Germany does pay, she must have her hands free to exploit her economic resources.

The experts carefully omit in their report mention of the Ruhr, but make it plain that this French and Belgian must satisfy themselves by leaving Germany in the Ruhr if they see fit, but taking their hands off the Ruhr and Rhine industries.

The first prerequisite to the payment of a portion of the reparations, is sound money in Germany. They propose to this end the establishment of a new gold bank of issue with 400,000,000 gold marks capital. Germany's production, they say, will enable her to meet her own requirements and to have enough to apply to reparations, as contemplated in the plan. These payments, fixed on a sliding scale from 100,000,000 gold marks in 1926 to 2,000,000,000 in 1931.

In order to prevent these payments from affecting adversely Germany's financial stability, an index of prosperity has been fixed, making it possible to judge whether the amounts of the scheduled payments are or are not beyond her capacity.

A general board of control, including an American, with allied, neutral and German members is the experts' solution of the difficult problem of guaranteeing that Germany will execute the terms of eventual settlement under their plan.

One member of this board, with the title of commissioner, will be vested with the important duties of deciding according to an index of prosperity when the payments provided for in the plan may prove too onerous and may threaten the upsetting of German finances.

The index is to be based upon Germany's exports and imports, the total budget receipts and expenditures, railroad traffic, the monetary value of the consumption of sugar, tobacco, beer and alcohol by the total population and the consumption of coal. Percentages will be fixed on the average statistics covering these bases, first for three years, then for six years, the percentage of each of the six groups compared with the average of the six percentage results for the index.

When the index exceeds the index, reparations payments on a proportionate basis, when the index proves deficient, basic payments shall be made for the period on which the calculations are based, but subsequent surplus payments shall not be made.

At this point the League of Nations is brought into the plan, any disputed point, upon the application of the experts, may thus be referred to the league for arbitration.

Germany's national debt, estimated by the experts to be worth 2,000,000,000 gold marks with a net earning capacity is high, a 1,000,000,000 gold marks yearly were found to be in available means for securing reparations payments and doing German finances. The experts propose a bank mortgage of 11,000,000,000 gold marks on the entire German rail road system, bearing five per cent interest with one per cent sinking fund annually.

The interest and sinking fund on the mortgage, they figure, represent less than three per cent on the entire capital value of 20,000,000,000 gold marks, but will be required during the period of reorganization, but the payment of 100,000,000 marks will be asked in 1924 and 100,000,000 in 1927 and 1928 which the experts think ought to be come normal years.

German industry under the plan is expected to provide 5,000,000,000 gold marks, represented by first mortgage bonds bearing the same rate of interest as the railroad bonds.

The interest on these bonds will be paid on a progressive scale, beginning the second year with two and a half per cent; five per cent the third year, and five per cent plus one per cent sinking fund the fourth year. In the event of default in the payment of the interest on the sinking fund or principal upon either railroad or industrial bonds provision is made for the recovery of the deficiency from the German government through the commissioner of controlled revenues.

Summarizing the proceeds from all the provisions in the plan for treaty payments, the experts estimate that they will produce 1,000,000,000 gold marks the first year, 1,200,000,000 the second year, 1,400,000,000 the third year, 2,000,000,000 the fourth year and 2,000,000,000 the maximum payment to be required from Germany annually, the fifth year and thereafter.

SECOND COMMITTEE.

Reginald McKenna and his colleagues on the second committee find that the Germans have six and three quarters billion gold marks abroad and that all this sum represents bases of paper marks, at a dead loss to millions of foreigners. These estimates were made on a basis of details and specific information which the experts regard as reliable. They find that in addition to these assets abroad, there is in Germany foreign money approximately to the amount of 1,200,000,000 gold marks while foreigners own in Germany property to the amount of 1,000,000,000 gold marks, which is subject to special taxation and consequently ought to be taken into account in an estimate of Germany's resources.

As to how German capital abroad may be attracted back to Germany, the experts believe the only way is to eliminate the causes of the exodus, that is to give Germany money, a stable basis of value and make it to Germany's interest to pay her obligations. The only intermediate measure that promises results, in their opinion, is to grant amnesty for a limited time from the penalties imposed for the export of capital and to give special inducements for subscriptions to German loans in foreign currency.

Germany needs help from abroad to the extent of 800,000,000 gold marks, partly to capitalize the new gold bank of issue and partly to meet expenditures during the period required for her to balance her budget.

The idea that surplus revenue alone can be applied to the payment of Germany's foreign debts is rejected by the experts. It is a simple principle of justice, they point out, as contemplated in the treaty, that the German people should be taxed at least as heavily as the peoples of the allied countries and the only limitations should be that of practicability.

The experts make a distinction between the amount of money that Germany can raise for the reparations account and the amount that can be transferred to foreign countries. Currency and budget instability might result from overstraining her capacity for making payments abroad.

Reparations, however, they contend, may properly be included in the budget.

The experts find that Germany has been spending without stint on complete installation of her railroad system, which has been brought to a point of efficiency unknown before the war. The transportation system and industries generally furnish excellent sources of revenue and an adequate pledge, along with monopolies, for the payment of reparations.

MILITARY ASPECTS.

With respect to the military aspects of the situation and guarantees the Dawes report says:

"If political guarantees and penalties intended to insure execution of the plan proposed are considered desirable they fall outside the committee's jurisdiction. Questions of military occupation also are not within our terms of reference. It, however, is our duty to point out clearly that our forecasts are based on the assumption that economic activity will be unimpeded and unaffected by any foreign organization other than the controls herein provided. Consequently our plan is based upon the assumption that existing measures, insofar as they hamper that activity will be withdrawn or sufficiently modified so soon as Germany has put into execution the plan recommended."

In agreement with the railway experts the committee recommends the conversion of the German railways into a joint stock company. The railways are to be managed by a board of eighteen directors, of whom nine will be chosen by the German government and the private holders of preference shares and the other nine will be named by the trustee.

ments from affecting adversely Germany's financial stability, an index of prosperity has been fixed, making it possible to judge whether the amounts of the scheduled payments are or are not beyond her capacity.

A general board of control, including an American, with allied, neutral and German members is the experts' solution of the difficult problem of guaranteeing that Germany will execute the terms of eventual settlement under their plan.

One member of this board, with the title of commissioner, will be vested with the important duties of deciding according to an index of prosperity when the payments provided for in the plan may prove too onerous and may threaten the upsetting of German finances.

The index is to be based upon Germany's exports and imports, the total budget receipts and expenditures, railroad traffic, the monetary value of the consumption of sugar, tobacco, beer and alcohol by the total population and the consumption of coal. Percentages will be fixed on the average statistics covering these bases, first for three years, then for six years, the percentage of each of the six groups compared with the average of the six percentage results for the index.

When the index exceeds the index, reparations payments on a proportionate basis, when the index proves deficient, basic payments shall be made for the period on which the calculations are based, but subsequent surplus payments shall not be made.

At this point the League of Nations is brought into the plan, any disputed point, upon the application of the experts, may thus be referred to the league for arbitration.

Germany's national debt, estimated by the experts to be worth 2,000,000,000 gold marks with a net earning capacity is high, a 1,000,000,000 gold marks yearly were found to be in available means for securing reparations payments and doing German finances. The interest on these bonds will be paid on a progressive scale, beginning the second year with two and a half per cent; five per cent the third year, and five per cent plus one per cent sinking fund the fourth year. In the event of default in the payment of the interest on the sinking fund or principal upon either railroad or industrial bonds provision is made for the recovery of the deficiency from the German government through the commissioner of controlled revenues.

Summarizing the proceeds from all the provisions in the plan for treaty payments, the experts estimate that they will produce 1,000,000,000 gold marks the first year, 1,200,000,000 the second year, 1,400,000,000 the third year, 2,000,000,000 the fourth year and 2,000,000,000 the maximum payment to be required from Germany annually, the fifth year and thereafter.

SECOND COMMITTEE.

Reginald McKenna and his colleagues on the second committee find that the Germans have six and three quarters billion gold marks abroad and that all this sum represents bases of paper marks, at a dead loss to millions of foreigners. These estimates were made on a basis of details and specific information which the experts regard as reliable. They find that in addition to these assets abroad, there is in Germany foreign money approximately to the amount of 1,200,000,000 gold marks while foreigners own in Germany property to the amount of 1,000,000,000 gold marks, which is subject to special taxation and consequently ought to be taken into account in an estimate of Germany's resources.

As to how German capital abroad may be attracted back to Germany, the experts believe the only way is to eliminate the causes of the exodus, that is to give Germany money, a stable basis of value and make it to Germany's interest to pay her obligations. The only intermediate measure that promises results, in their opinion, is to grant amnesty for a limited time from the penalties imposed for the export of capital and to give special inducements for subscriptions to German loans in foreign currency.

Germany needs help from abroad to the extent of 800,000,000 gold marks, partly to capitalize the new gold bank of issue and partly to meet expenditures during the period required for her to balance her budget.

The idea that surplus revenue alone can be applied to the payment of Germany's foreign debts is rejected by the experts. It is a simple principle of justice, they point out, as contemplated in the treaty, that the German people should be taxed at least as heavily as the peoples of the allied countries and the only limitations should be that of practicability.

The experts make a distinction between the amount of money that Germany can raise for the reparations account and the amount that can be transferred to foreign countries. Currency and budget instability might result from overstraining her capacity for making payments abroad.

Reparations, however, they contend, may properly be included in the budget.

The experts find that Germany has been spending without stint on complete installation of her railroad system, which has been brought to a point of efficiency unknown before the war. The transportation system and industries generally furnish excellent sources of revenue and an adequate pledge, along with monopolies, for the payment of reparations.

MILITARY ASPECTS.

With respect to the military aspects of the situation and guarantees the Dawes report says:

"If political guarantees and penalties intended to insure execution of the plan proposed are considered desirable they fall outside the committee's jurisdiction. Questions of military occupation also are not within our terms of reference. It, however, is our duty to point out clearly that our forecasts are based on the assumption that economic activity will be unimpeded and unaffected by any foreign organization other than the controls herein provided. Consequently our plan is based upon the assumption that existing measures, insofar as they hamper that activity will be withdrawn or sufficiently modified so soon as Germany has put into execution the plan recommended."

In agreement with the railway experts the committee recommends the conversion of the German railways into a joint stock company. The railways are to be managed by a board of eighteen directors, of whom nine will be chosen by the German government and the private holders of preference shares and the other nine will be named by the trustee.

ments from affecting adversely Germany's financial stability, an index of prosperity has been fixed, making it possible to judge whether the amounts of the scheduled payments are or are not beyond her capacity.

A general board of control, including an American, with allied, neutral and German members is the experts' solution of the difficult problem of guaranteeing that Germany will execute the terms of eventual settlement under their plan.

One member of this board, with the title of commissioner, will be vested with the important duties of deciding according to an index of prosperity when the payments provided for in the plan may prove too onerous and may threaten the upsetting of German finances.

The index is to be based upon Germany's exports and imports, the total budget receipts and expenditures, railroad traffic, the monetary value of the consumption of sugar, tobacco, beer and alcohol by the total population and the consumption of coal. Percentages will be fixed on the average statistics covering these bases, first for three years, then for six years, the percentage of each of the six groups compared with the average of the six percentage results for the index.

When the index exceeds the index, reparations payments on a proportionate basis, when the index proves deficient, basic payments shall be made for the period on which the calculations are based, but subsequent surplus payments shall not be made.

At this point the League of Nations is brought into the plan, any disputed point, upon the application of the experts, may thus be referred to the league for arbitration.

Germany's national debt, estimated by the experts to be worth 2,000,000,000 gold marks with a net earning capacity is high, a 1,000,000,000 gold marks yearly were found to be in available means for securing reparations payments and doing German finances. The experts propose a bank mortgage of 11,000,000,000 gold marks on the entire German rail road system, bearing five per cent interest with one per cent sinking fund annually.

The interest and sinking fund on the mortgage, they figure, represent less than three per cent on the entire capital value of 20,000,000,000 gold marks, but will be required during the period of reorganization, but the payment of 100,000,000 marks will be asked in 1924 and 100,000,000 in 1927 and 1928 which the experts think ought to be come normal years.

German industry under the plan is expected to provide 5,000,000,000 gold marks, represented by first mortgage bonds bearing the same rate of interest as the railroad bonds.

The interest on these bonds will be paid on a progressive scale, beginning the second year with two and a half per cent; five per cent the third year, and five per cent plus one per cent sinking fund the fourth year. In the event of default in the payment of the interest on the sinking fund or principal upon either railroad or industrial bonds provision is made for the recovery of the deficiency from the German government through the commissioner of controlled revenues.

Summarizing the proceeds from all the provisions in the plan for treaty payments, the experts estimate that they will produce 1,000,000,000 gold marks the first year, 1,200,000,000 the second year, 1,400,000,000 the third year, 2,000,000,000 the fourth year and 2,000,000,000 the maximum payment to be required from Germany annually, the fifth year and thereafter.

SECOND COMMITTEE.

Reginald McKenna and his colleagues on the second committee find that the Germans have six and three quarters billion gold marks abroad and that all this sum represents bases of paper marks, at a dead loss to millions of foreigners. These estimates were made on a basis of details and specific information which the experts regard as reliable. They find that in addition to these assets abroad, there is in Germany foreign money approximately to the amount of 1,200,000,000 gold marks while foreigners own in Germany property to the amount of 1,000,000,000 gold marks, which is subject to special taxation and consequently ought to be taken into account in an estimate of Germany's resources.

As to how German capital abroad may be attracted back to Germany, the experts believe the only way is to eliminate the causes of the exodus, that is to give Germany money, a stable basis of value and make it to Germany's interest to pay her obligations. YOUTH SWALLOWS POISON DOSE

Illness Not Serious. Hospital Reports Reveal

Joe Kenesberg, 20, is in St. Rita's hospital apparently suffering from a dose of poison taken Tuesday at 8 p. m., in the uptown district. He resides with his brother, H. H. Kenesberg at 1170 Erie-av. Members of the brother's family were awakened about 10 p. m., by moans from the young man's room. They rushed to his bed to find him in a semi-delirious condition and apparently suffering from great pain. When asked concerning his condition, he pointed to a note on the dresser which read, "Arsenic and strychnine. He declared he took a large quantity of the compound about 8 p. m. while up town, later walking to his home. Whether he really had swallowed poison or was suffering from a slight illness could not be learned Wednesday. His condition was reported favorable at St. Rita's hospital where he was removed in the Williams & Davis ambulance. No reason could be given by relatives for the young man's act.

AUTO CRASH VICTIM IS IMPROVED; SWITCH CREW STOPS, GIVES FIRST AID

Lawrence Schrock, 628 N. Jackson-st., slightly injured Tuesday morning in an auto-train crash at Jackson-st grade crossing of the Pennsylvania, sustained no internal injuries as first believed and Wednesday his condition was reported somewhat improved.

Members of the train crew in charge of the switch engine stopped after the crash and rendered first aid to the man who was trapped in his automobile, according to a statement made Wednesday by C. E. Iman, yard master. "The crew rendered all aid that was possible and only when it was ascertained that the man was not seriously hurt did the crew leave the scene of the accident," Iman said.

WELFARE SOCIETY PLANS INTERESTING MAY PROGRAM

"Make May Day Children's Day" is the slogan the American Child Health Association has adopted at this time. The Ohio Public Health association is sponsoring this work in Ohio and has asked the Allen Co. Welfare association to take charge of the work in this city. Plans for the day's program will be announced in detail when the state program has been received, Dr. Josephine Pearce said, Wednesday.

NEW CITIZENS WILL BE HONORED FRIDAY NIGHT

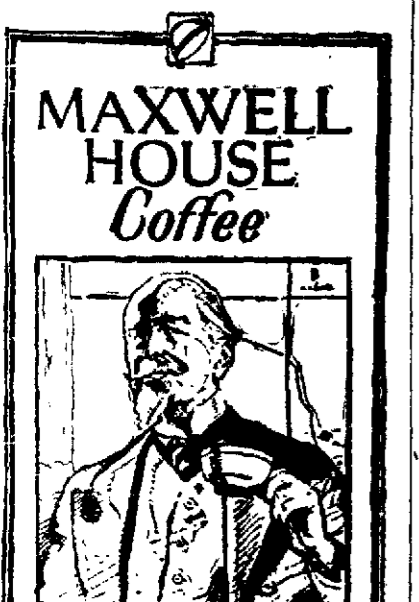

The seven foreigners who were granted citizenship Monday by Judge Fred C. Becker will be given a reception Wednesday night at the Y. M. C. A. together with their families and friends.

Walter S. Jackson, Lima attorney, and Rev. A. A. Thomas will give talks. John T. Cotner, clerk of courts, will present the seven men with naturalization certificates. The reception will be given by the ladies of the D. A. R. and the Y. M. C. A.

BLACKMAIL CHARGED
CINCINNATI Eugene Gullman filed suit here today charged with blackmailing a neighbor for \$1,000. The letter is said to have threatened the neighbors life and the lives of other members of his family, if the money was not forthcoming.

MUSIC MEMORY CONTEST WINNERS OF FRANKLIN HI DONATED SPECIAL PRIZES

Awards were made Wednesday afternoon to the pupils of Franklin Jr. High school who made perfect scores in the Music Memory contest held last month, and who were next highest to the four young people who went to Columbus, returning with state-wide honors.

Henry Hilly was presented a copy of Walter Selden Pratt's "History of Music" by the Etude club, the presentation being made by Miss Violet Bradley, secretary of the club. Miss Margery Kirk received a year's membership to the Woman's Music club, which was given her by Mrs. Charles Black, president of the club, and Miss Dorothy Burkhardt, Miss Dorothy McLaughlin and George Bun each received a copy of Bacon's "Operas Every Child Should Know," given by Mrs. Clarence Klinger. Miss Margaret Gregg and Mark Evans.

Appreciation of the splendid showing made by the Misses Josephine Pearce, Glenna Marie Hobart, Josephine Austin, at the contest in Columbus on March 28, was told by Miss Zella Foster, principal of the Franklin Jr. High School.

SCHOOL CLASS STUDIES WORKS OF LITERATURE

DELPHOS—Following the program given by the Senior class at St. Johns High school Tuesday afternoon, Rev. Father Rupert spoke on the merits of the ancient and modern works of literature in delivery. He emphasized the importance of the study of literature in public speaking. The main theme of his talk was the distinction of the works of the former began at the outside of the person for characterization, while the latter began with the heart and soul and worked out. The program was practically dedicated to the works of Shakespeare, and during the whole affair the latter's works of literature were analyzed.

DELPHOS HIGH JUNIORS TO ENTERTAIN SENIORS

DELPHOS—Junior class of Delphos High school is planning to entertain the seniors with a surprise program, and if anything may be credited to the latest reports, this program holds much diversion for the dignified members of that school before their departure in June.

Conforming to the custom, this reception will be held in the gymnasium, the latter will be decorated properly for the occasion, and the affair in its completeness holds promise of a successful event.

STREET OILING DISTRICT IS OUTLINED BY COUNCIL

DELPHOS—Petition of Franklin-st. property owners asking that that street be declared an oiling district was recognized by Director of Public Service, Cecil Laing, and a resolution to that effect was passed by the council Tuesday night.

The petition was signed by the majority of property owners and the total cost of oiling will fall upon the owners of abutting properties in the district between E. Fourth and Suffolk-sts. This district will be an oiling territory for a period of three years.

SAFETY DRIVE IS LAUNCHED

Council Acts Against Dangerous Railroad Crossings

DELPHOS—Immediate action by the city council to eliminate the dangers surrounding the crossings of the Pennsylvania and Clover Leaf railroads as they pass the city was demanded by City Solicitor W. S. Kimball at the council meeting Tuesday night.

He urged that a resolution be adopted at once and sent to the two utilities. If this fails to bring about the placing of 24 hour watchmen at the more dangerous crossings the city should immediately apply to the state public utilities commission for relief, he asserted.

John Altenberger, president of council, appointed a committee consisting of Ben Davis, J. Myers and Pearl West to confer with the city solicitor and arrive at a decision as to the best plan of procedure. The number of fast trains passing thru the city will be ascertained and attempts made to discover which crossings are the most dangerous.

ELECTRIC LIGHT RATE IS BEFORE DELPHOS COUNCIL FOR ACTION NEXT MONDAY

DELPHOS—Light ordinance which calls for a 7-cent rate for the first kilowatt hour to be furnished by the Northwestern Ohio Light Co. is still pending in the appropriate council committee, as no report was made at the regular meeting Tuesday night in the City building. However, City Solicitor W. S. Kimball was authorized to draw up the ordinance to effect, and it will be taken up at the next meeting.

The proposition of having another member to the previous body was also ignored, as no report was made at the first or second meeting in May.

DELPHOS BRIEFS

Recital given at Bethany Lutheran church, Lima, Monday night, featured much of Delphos musical talent. Sarah Louise, John Beck, Harriet Vial, and Olga Leilich took part in the recital.

Mrs. Fred Brinkman, who is leaving soon to join Mr. Brinkman in Detroit, resigned her position as second vice-president of the Ladies' Auxiliary to the American Legion Monday evening at a regular meeting of the organization.

A social will be held Friday, April 25, for the Legion Auxiliary, and invited friends.

One little charged with the destruction of a tree in the West Side cemetery here has been freed of the charge, it was learned Wednesday. His case was ignored by the Van Wert-co grand jury.

BUTLER FUNERAL
Funeral services for Mrs. Almira Butler, who died Monday at the home of her daughter, Mrs. C. E. Ferguson, 741 Michael-av., will be conducted at the South Side Church of Christ at 10 a. m. Thursday. Rev. W. H. Baker, pastor, will officiate. Burial will be in Woodlawn cemetery.

KIWANIS ENJOY SOCIAL TIME AT CLUB'S WEEKLY MEETING TUESDAY NIGHT

DELPHOS—Clara Hoke, Van Wert attorney, gave a talk at the regular meeting of the Kiwanis club of this city at the Beckman House, Tuesday night. His topic ranged from the Kiwanis motto, "We Build," to the Golden Rule, with emphasis upon good fellowship. He clinched his argument with practical examples, and admonished the crowd that father should be close to the son, and be his best companion.

Miss Catherine Schaffer, W. Second-st., gave several solos and readings. She also sang several popular songs. The usual Kiwanis songs were sung by the entire body.

A meeting of the Public Affairs committee was held directly following the entertainment, but no definite action was taken regarding any public work, with the exception of reading the report of the Business Women's Association of the Park Fund Campaign, which showed a total of \$1,062.70.

RECEIPTS FROM FINES INCREASE AT DELPHOS

DELPHOS—Mayor G. N. Leasure's report for the month of March was read at the regular meeting of the council Tuesday night. The report showed an amount of \$124.70 collected in fines during that period.

This amount is unusually large for one month and, as is shown by records of previous years is a decided contrast to the small collections of previous administrations.

WATER SUPPLY CUT
DELPHOS—Water supply in this city was shut off for about an hour and a half Tuesday night, due to a leak in the water main. The water was turned on again about 12 p. m., but the leak has not yet been located.

GUARDING BABES FROM GERMS

The train doesn't leave the track to hit the auto. The auto goes to the track, gets in the way of the train. This principle applies to safeguarding babies from disease germs.

Nature never intended babies to be what the medical profession calls "wandering units." To the contrary, she intended them to be "stationary units"—living in one spot until strong enough to creep and later walk away.

The infant in his cradle does not go out and "catch" germs. No! The germs are brought to the baby by outsiders—or else the baby is taken to the germs.

A baby's "zone of safety" is a distance six feet from where he lies. Baby is apt to catch germs if any diseased person ventures inside this safety zone—particularly common colds, tuberculosis and other infections communicable by the breath.

No one with such a disease should ever "pick up" a baby. Anyone with, say, a cold should wear a mask when approaching.

Baby in the cradle has not developed powers of resistance against disease germs, tho from mother's milk he gets a certain amount of what are known as "immunes."

Baby needs fresh air and sunshine. He can get these on a porch or in a well ventilated and sunlit room.

When baby is wheeled out on the streets in its carriage, he begins to breathe dust, floating germs, poison gas from autos, etc. As civilization grows more congested and infections more common, it becomes increasingly dangerous to expose baby to streets.

The best place to raise a baby is on the second floor of a house, or even higher up if possible. Why? Because there are less dust, germs and poison auto exhaust than on the sidewalk or first floor of a house.

This is especially true of poison exhaust from autos—for this gas clings near the ground, being heavy.

A baby specialist, who charges \$100 for the advice contained in this editorial, says it is unsafe to wheel a baby along city streets until baby is about eight months old.

Old-timers may scoff and comment that such precautions were not taken years ago. No, and the baby death rate was much higher then. Also, the air was purer.

Above all, keep people with chronic coughs away from babies. The most pronounced symptom of tuberculosis is the optimism of its victims. They usually believe they are going to get well, right up to their death. They further rarely believe it is "catching."

STOP THE SPEED MANIACS!

By far the worst menace to humanity is the automobile speed demon. He is killing more innocent children, old men and old women; the loved ones at home, than all the criminals combined. Petty offenses in traffic and parking rules, sometimes silly and always of no particular importance are given attention by police officials. The speed demon is left severely alone. There are 70,000 accidents yearly in the United States, 18 per cent of them accredited to automobile drivers, a majority of them thru careless driving. This means that over 14,000 human beings pay the toll to incompetent and reckless drivers, and still on the highways and by-ways the eternal list of casualties are occurring every hour of the day.

In a population of over 110,000,000 souls statistics show that but 5 per cent of them know how to swim, and still the speed demon outdoes the total deaths by drowning many times. Thirty-eight souls are passed to the great beyond thru reckless speed maniacs in every calendar day.

High time something was being done to stop this.

Lima is persecuted just the same as other cities. Police officials pay strict attention to highwaymen; to the capturing of criminals which is as it should be. But stand away from the public square a few blocks on any of the important streets and note the reckless driving. A wonder that more human lives are not whiffed out.

The truth of the matter is that the police are not doing their duty. They are wasting valuable time in small things instead of going after the greatest criminal of them all. Every sane owner of a motor car; every conservative citizen; every believer in law and order will offer devout thanks to the official who will do his duty to the best of his ability against these maniacs.

If pieces of modern art are dug up 3000 years from now, posterity will think we were no clothes.

SPRING IS NOT ALL SUNSHINE AND POSIES

LIMA NEWS HEALTH SERVICE

—BY DR. WILLIAM BRADY—

EFFECTS OF LIME DEPRIVATION

Meat, asserts a great nutrition authority, Prof. Henry C. Sherman of Columbia university, is exceedingly poor in calcium (commonly known as lime) and is therefore, notwithstanding its high protein content, a very one sided and inadequate source of "building material." Milk is so rich in calcium that one need take only 400 calories of milk to obtain the entire day's supply of this element, while to get the same amount of calcium from round steak and white bread it would be necessary to take 10,000 calories.

Professor Sherman's observation becomes more striking when we consider that three glassfuls of milk (about 1 1/2 pints) yields 400 calories and 12 pounds of round steak yields 10,000 calories.

The milling of the cereal grains to the "fineness" required by our modern custom or taste, removes more than half of the lime which these foods naturally contain. The refinement of sugar removes nearly all the calcium—"pure" white sugar contains 200 times less calcium than does brown sugar. With bread and meat and the ultra refined "breakfast foods" lime poor, the average family suffers from lime deprivation unless considerably more than the average amount and variety of fresh fruits and fresh or green vegetables are regularly used in the dietary. These fruits and vegetables, with fresh milk and all varieties of cheese, particularly cottage or "Dutch" cheese, are the chief sources of calcium in our food at present.

Just how are the effects of lime deprivation manifested.

Here are some of the effects of a calcium deficiency in the body, as observed or determined by various students of nutrition, but we must

JUST FOLKS

—BY EDGAR A. GUEST—
PHILOSOPHY

This is all the world will ask; Do your best with every task. Take your share of cloud and rain. But don't bitterly complain; Don't go moping round the place With a sad and gloomy face. Other folks have troubles, too, Much like those which come to you.

Rain is rain and care is care. Wrong and loss are everywhere. Rank injustice stalks about, Life is hard to reason out; Now and then you'll wonder why Some are laughing when you sigh, You will stumble, fall, but then Rise and go to work again.

Do your best, and let it go, Do not wince at every blow— Other people suffer care, Other men have hurts to bear, But they do not cry aloud; They would never have it shown What they suffer when alone.

That all men have cause to sigh Only foolish tongues deny. Care is here. There's none so strong But must sometime suffer wrong. You will weep and you will frown, You will see the rain come down, But be big enough to bear Single-handed with your care. (Copyright, 1924)

Fellowship of Prayer

(Copyright, 1940)

Read Mt. 20:20-24. Text: 23:28. The Son of man came not to be ministered unto, but to minister.

"Jesus' intense passion for working with the will of God in leading men forward must have continued with unabated force after death. The resurrection of Jesus, then, meant to him the corroboration of the sense of the 'Messianic' leadership which had been developed in his soul. This supreme leadership was continued after death."

MEDITATION: Considered the calling of men to an unselfish life of more value than simply living on himself. He had committed himself unreservedly to the one purpose of investing his all for others.

PERSONAL QUESTION: In what way am I ministered to by others daily?

PRAYER: Almighty God, our Father, we pray that we may realize our inheritance in Christ. May thy spirit cause us to be conscious of the eternal even as we are engaged in our common labor. Let us see the relationship of thy kingdom, and grant us the assurance that we are co-workers with thee, thru Christ. Amen.

Chest Colds—

get rid of them quickly

Apply Sloan's gently without rubbing. It starts the blood circulating swiftly through the tissues. The congestion breaks up. Before you know it—the cold is gone. Get a bottle from your druggist today—35 cents. It will not stain.

Sugar Coated Cod Liver Oil Tablets For Thin Kids

Forget the horrible tasting Cod Liver Oil and give the thin, puny undeveloped children McCoy's Cod Liver Oil Tablets if you want to give them a good appetite and pounds of good healthy flesh on their bones.

Doctors know all about them and so does Hunter's Drug Store, Enterprise Drug Store and all good pharmacists, for they are in great demand, because they are not lagers but show results in a few days. They are not expensive either—60 tablets 60 cents, and children take them like candy.

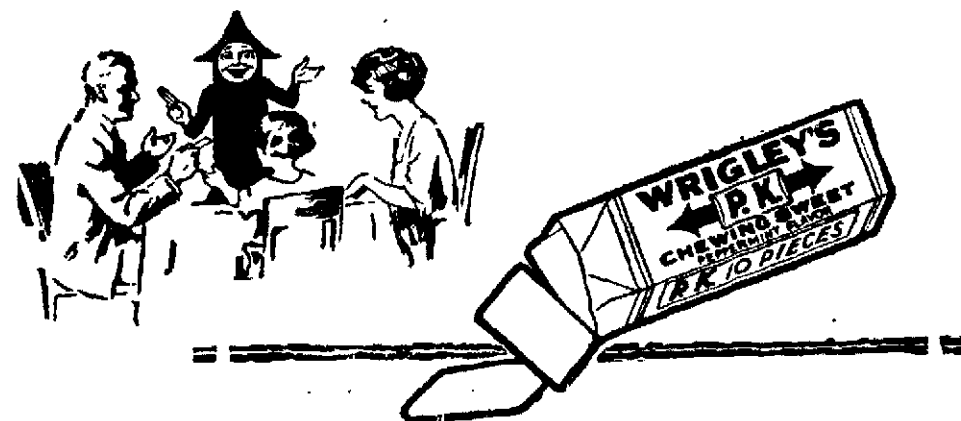

One skinny woman gained 10 pounds in 24 days.

"Get McCoy's, the original and genuine Cod Liver Oil Tablet."

Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and throat.

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read, from a widely known medical work:

"Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion."

So we say, use

WRIGLEY'S

Sealed in its purity package—fresh, clean and full-flavored

'ROUND LIMA HOUR BY HOUR

—WITH APOLOGIES—

BY OH. OH. JACKENIN

A Page from the Diary of An Antiquated Reporter: Up betimes, on the stroke of six. Blowstours to prunes, muffins and strawberry eggs. Then about my business. Meeting Joe Gooding, the fast stepping underwriter prince. No mail this day. Albeit many brave professional greetings, from Doc's den-

tists, doctors, and rectors. The clats reaching no mean total.

In the early morning, out and to the Institute. There finding The Parson, has resigned the razor and clippers. To go on tour in the great outdoors. A new professor trimmed me, without lecture. On the fairway, fell in with Genial Jake, former maitre d'hotel of Charlie's Place. Thither for my quarterly visit with the Hon. W. L. Mackenzie. To find him practising in the high courts up Toledaway.

There goes the Hon. William Robson, eminent artist on sedding your lawn. Chatted anon with M'seur Watts, the banker; and we gazed long at the noble workless sewer digger. Profits must be big in sewer work, or losses heavy. That machine is averaging less than the eight-hour union law. It labors like a southern negro, with Massa gone to town.

Around the town. Dirt everywhere. Tin cans. Filth. Smells Coarser than cheap perfume. There goes Col. Jimmie Britt, the oil king in the days of Britt-Sinclair-Morrison. The last of the old firm and a prince of men.

Max Falk, the men's fashion friend. Nathan Michael, by beck, with a Daytona (an and an Ashville police. In the mayl, a com-munique from A. W. Mellon, secre-

tary of the treasury. How he cautions against buying new stocks. If people only knew that a Building & Loan account is worth more than all the "preferreds" and get rich quickers. Oh, why will you finance the other man's game? The next stock salesman who calls, tell him you are off the sucker list.

To lunch. Mr. Friedman at his best. Soup, head-lettuce with St. Lawrence dressing; chicken au rex, and gelatin for the sweetie.

At my table, the distinguished Judge Hamilton, of probate court fame; Dr. Clark, the world renowned alienist, and M'seur Carl, of the Wheatley-Bayly Discount bankers. The discourse on the Rotary conference, where Rotarians are expected to play the big part. Howbeit, not allowed to dress up in low necks.

In the afternoon, for pleasure call upon my old friend M'seur Smith, of the great Maitre-Bros, bankers and oil operators. He does tell me Frank J. is sailing this day for Nassau, then by boat and New York, back to Lima. With him is the talented Mrs. Maitre, and Mrs. J. E. Grosjean, the popular club woman.

So home, to my wife. There dining lightly, and after some discourse, early to bed.

ABE MARTIN

We kin never tell what a rejected actor or a Ford driver is goin' to do. Art Bentley's got a middle name he's goin' to use if he ever gets money.

Society News

STATE MUSIC CLUBS MEET IN TOLEDO

A number of Lima women, headed by Mrs. Charles Black as president of the Woman's Music club, will go to Toledo on April 28, where they will attend a four-day convention of three state musical organizations—the Ohio Federation of Music clubs, Ohio Music Teachers' association, and the Association of Presidents of State Music Teachers' Associations.

The conference promises to be one of the largest and most interesting of its kind ever held. Speakers of national prominence have been secured to appear before the delegates, including Miss Martha Baird of Cincinnati, Walter Spry of Chicago and Arthur E. Healey of Oberlin. Mrs. Edgar Stillman Kelley, who is president of the Ohio Federation of Music clubs, will be on the program. She, with Mr. Kelley, will be honored guests at a banquet to be given during the convention of Mr. Kelley's oratorio, "Pilgrim's Progress," to be presented by the Toledo Choral Society.

Of interest to young musicians will be contest day to be held April 30. Mrs. Harry L. Goodbread, 2799 Euclid Heights, Cleveland, is the chairman of the day, when contests in piano, violin and voice will be given.

Mr. E. A. Siferd and Mrs. John Urfer expect to attend the conference as members of the Ohio Music Teachers' association.

SUSIE SMART'S ADVICE

Dear Susie: I would like to ask you a few questions. Can you tell me something about dry hands? I also would like to know of a good astringent to use on the face. I have so many dark blotches on my face. What do you think would cause them and is there any cure?

I am 26 years old and am four feet eleven inches tall. How much should I weigh?

How is my writing for an old married woman?

A LOTY BUNK.
An excellent lotion for the hands is made of glycerine, rose water and lemon juice. Any druggist will mix the glycerine and rose water for you in the proper proportions and a little strained lemon juice may be added at home.

To make a safe and excellent astringent lotion, add a few drops of tincture of benzoin to a tablespoon of water. Use just enough of the benzoin to give the water a silky appearance. Wash the face with warm water, soap and after rinsing thoroughly, dry gently and apply the mixture of benzoin and water. Covering the black blotches on your face, it may be a condition of your blood and I would advise seeing a physician.

You should weigh about 120 pounds.
Very good.
Dear Miss Smart:
I am a junior in high school and am 17 years old. I am very fond of a boy that goes to the same school as I do, but he doesn't seem to care for me. He just speaks when he has to, but what can I do to win his affections?

PUNNY.
Perhaps the boy does not care for you, but he may think you are both too young to form serious friendships and that you should be thinking about your school work than each other. Be attractive, pleasant to him but do not allow him to think you are "chasing" him. If I might use that word. Perhaps he is a little bashful and after he feels he knows you better, he might ask to call.

Dear Miss Smart:
Will you please advise what the postage stamp code is?

JOHN A.
Altho I have given the "stamp language" before in the paper, I have recently seen in the papers a plea from the government that the stamps be placed only in the top, right hand corner of the envelope. It means extra time when operating the stamping machine, when the stamps are not placed properly—so why not co-operate with the government and forget the foolish "code?"

Dear Miss Smart:
I am a young man in my teens and I am in love with a young girl two years my senior. Do you think we are too young to get married if we have our parents' consent?

BERNARD L.
You haven't told me much of your love affair, Bernard, and it is rather hard for me to express my opinion. Can you support a wife? Are you able to maintain a home and give your wife some of the luxuries that she is accustomed to? Altho you are very much in love, why not wait until you are out of your "teens" before you marry? If the girl loves you, she will be willing to wait, I am sure.

Dear Miss Smart:
Will you please tell me the questions if you can. I have a question about my teeth. I have a round-shouldered neck. Will you please tell me how I can keep my neck straight?

SWEET SIXTEEN.
Also, how can I keep my neck straight?
How is my writing?
"Straighten up"—I spot that is what you hear three-fourths of the time, isn't it? Try walking with your hands behind your back. This will throw your shoulders back. Keep your hands out of your pockets and stand just as straight as possible.
Brush your teeth after each meal, using a good paste. Have your teeth cleaned regularly by a dentist. If you have a good bit of tartar on your teeth, chalk and charcoal are both good to use.
Very good.

BUSINESS LUNCH 25c, 30c, 35c. TRAVELER'S CAFE, 205 E. MARKET ST.

SOCIAL CALENDAR

Wednesday Evening
Vesperal Music Club to present St. Olaf Lutheran choir, Memorial Hall, 8:15 p. m.

Friday
Luncheon of women of Episcopal parish, 12:30 p. m.
Mr. and Mrs. E. E. Order, W. High-st., have returned from a three months stay in Jacksonville, Fla., with their daughter, Mrs. C. G. E. line. Enroute home, they visited relatives in Cincinnati.

Mr. G. V. Garton, N. College-st., will entertain the members of the Winona Lutheran Church at her home, Friday afternoon. Mrs. Helen Green will be the assistant hostess.

Donald Robertson entertained a group of friends at his home on W. Elm-st., Tuesday evening, inviting them to help him celebrate his sixth birthday anniversary. Games and contests were enjoyed and a two-course luncheon was served by the host's mother. Appointments of pink and white were used.

Miss Nellie Sherick, S. Elizabeth-st., entertained at dinner at her home Monday evening, complimenting Miss Elsie Parker, who is enjoying a brief vacation from her studies at Ohio Miami university. Covers were laid for Misses Parker, Wanda Gorman, Gladstone Jamison, Verne Barnes and the hostess.

The Misses Marjorie and Beth Ackerman entertained at their country home, "The Elms," Tuesday evening, as a farewell compliment to Wilfred Helms, who leaves Wednesday to resume his studies at Wesleyan university. Music and dancing were enjoyed and a buffet luncheon was served.

Those present were Misses Rosemary Hays, Marjorie and Edith Campbell, Bertha Delaney, Misses William Baum, Darrell Palmer, Phil Hammond, Douglas Amore, Nolan Corner and the honored guest.

Mrs. Nell Poling welcomed the members of the Bon Jour Five Hundred club to her home on S. Woodlawn-av., Tuesday afternoon. At the close of the afternoon's card games, Mrs. Howard Chapman held high scores among the guests, and Mrs. Carl Holman among the members. A two-course tea was served by the hostess, assisted by Mrs. E. W. Steinbagen.

Guests were Mrs. Howard Chapman and Mrs. Ira Crumby.
The club will meet in two weeks with Mrs. Warren Baker, 219 S. Woodlawn-av.

Dorelle McLaughlin has returned to his studies at the Choate school, Wallingford, Conn., after spending ten days with his parents, Mr. and Mrs. T. L. McLaughlin, Barbara Ann Court-apts.

Miss Florence Jones will entertain the members of the Swastika Five Hundred club at the Hotel Barr, Wednesday at 6:30 p. m. Cards will follow the dinner.

Mrs. R. E. Armentrout

Stomach Bad? Nervous?

Here is something you should know about

Dayton, Ohio: Last winter I was badly run down in health. My stomach was in bad condition and I was very nervous. I began taking Golden Medical Discovery and it did me more good than any other medicine I ever took. Before I had finished the fourth bottle my appetite was normal and I was less nervous. I think Dr. Pierce's Golden Medical Discovery is the best tonic on the market.—Mrs. R. E. Armentrout, 1250 Dezen Ave.

Obtain Dr. Pierce's Discovery now in tablets or liquid from your neighborhood druggist. You will quickly feel the beneficial effect. Write Dr. Pierce, President Invalia's Hotel in Buffalo, N. Y., for free medical advice. Send 10c if you wish a trial pkg. of the Discovery Tablets. adv.

HOUSE CLEANING
time is here. We have the proper materials to make it a pleasure. HOOSIER PAINT STORE, No. 115 N. Elizabeth St.

The W. B. A. Girls' Club No. 1 of the Marathon Review No. 188 met

Monday evening at the home of the Misses Ruth and Lula Morkotter, N. Jackson-st. Plans were made for the play to be given by the review, "The Maid and the Golden Slipper," at the Moose hall on April 15. Girls of the club will take part. At the close of the business session, contests were enjoyed in which Misses Lucille Siferd, Alice Grigg, Vernona Finn and Beatrice Schaffer were successful.

A two-course luncheon was served by the hostesses. Guests were Misses Beatrice Rice, Beatrice Schaffer, Mary Curran and Mrs. H. N. Clark. The club will meet in two weeks with Misses Blanche and Hazel Wolf, W. High-st.

Mr. and Mrs. W. M. Kellogg, Fawcett-av., entertained the members of the T. J. T. club at their home, Tuesday evening. Following dinner, which was at 6:30 o'clock, euchre and contests were the diversions. A group of musical numbers were given by Mrs. C. V. Hobbs, Mrs. R. O. Dudley and Miss Madeline Kellogg.

Those present were Mr. and Mrs. T. N. Marquis, Mr. and Mrs. W. S. Seaton and son, William, Mr. and Mrs. A. A. Crawford, Mr. and Mrs. C. V. Hobbs and sons, Dick and Donald, Mr. and Mrs. R. J. Bidwell, Mr. and Mrs. Charles Speer, Mrs. R. O. Dudley, Miss Gertrude Crawford and Miss Madeline Kellogg.

Among the largest affairs of the week was the reception given Wednesday afternoon at the home of Mrs. Roy Fletcher, 351 S. Charles-st., with members of the Floral Guild presiding. The receiving hours were from two until six o'clock, during which time music was furnished by a trio composed of the Misses Helen Ferris, Janice Simonson and Frances Mealy. An interesting display was that of the fireworks made by the women of the guild and various articles were put on sale.

In the receiving line were Mrs. Samuel Roeder, president, Mrs. Naomi B. Tharp, vice-president, Mrs. Roy Fletcher, secretary and Mrs. Charles Hueselmann, treasurer. Those who presided in the dining room were Mrs. M. L. Mator, Mrs. J. W. Robertson, Mrs. M. L. Allen, Mrs. Ira Finke, Mrs. J. W. Blackburn, Mrs. William Howell, Mrs. E. E. Hay and Miss Princess Exline.

Other committees for the affair, which is held annually to which more than two hundred women are invited, were: Installation committee, Mrs. Arthur Kason, chairman, Mrs. L. DeKimon, Mrs. William Dobbins, Mrs. E. L. Kraft and Mrs. J. A. E. time; program committee, Mrs. J. H. Baker, chairman, Mrs. Wallace Landis, Mrs. O. T. Lippincott, Mrs. G. D. Meyer and Mrs. O. F. Mikesell and Fawcett committee: Mrs. William Roush, chairman, Mrs. Clarence Atwood, Mrs. Frank Sealls, Mrs. Samuel Parks, Mrs. Rinda Harris, Mrs. Robert Jones and Mrs. E. Davis.

GOOD MANNERS

An old lady may expect a gentleman to offer his arm if she needs support.

Mrs. H. L. Breckenridge held high score in the bridge games Tuesday afternoon when Mrs. M. D. Greenleaf, N. Jameson-av., entertained the members of the Quilina Bridge club. A covered dish luncheon preceded the game.

The club will meet in two weeks with Mrs. W. S. Henderson, W. Market-st.

Miss Helen Longworth welcomed the members of the Philomathean club to her home on Lakewood-av. Monday evening. The program was in charge of Mrs. John Breese and Miss Catherine Weadock, who gave reviews of Shakespeare's "Midsummer Night's Dream." Victrola records of Mendelssohn's music from this opera were heard.

A luncheon was served by the hostess, assisted by her mother, Mrs. Ira Longworth.
The club will meet in two weeks with Mrs. John Blattenger, Westwood-bvd.

Members of the Harmony Bridge club were the guests of the Elks' home Tuesday of Mrs. Herbert Thomas, Mrs. E. J. Roberts and Mrs. Charles Wilson. Following luncheon at one o'clock, three tables were filled for bridge games in the drawing room of the club. Mrs. George Eckert was an only guest.

The club will meet in a fortnight with Mrs. Harry Pew, Mrs. William Lane and Mrs. Carl Means as hostesses.

Members of the O. T. O. Needlework club enjoyed Tuesday afternoon with Mrs. C. C. Grosley at her home on S. Main-st. Contests were held in which Mrs. Charles Kraft and Mrs. A. J. Fisher were successful. Tea was served at four o'clock, Mrs. F. G. Stump assisting the hostess.

The only guest was Mrs. A. C. Fawcett.
The club will meet in two weeks with Mrs. Minnie Treaster, W. High-st.

Mrs. W. B. Hawke, Lakewood-av., entertained the members of the Wednesday Matinee club at her home Wednesday. Following luncheon at one o'clock, four tables were filled for the afternoon's bridge games.

Guests of Mrs. Hawke, other than the club members, were Mrs. Clarence Woodruff, Mrs. George Harrison, Mrs. Clinton Sealls, Mrs. Eugene Dever and Mrs. George King.

OTTAWA SOCIETY

Inspection of Putnam-co chapter, No. 23, Order of the Eastern Star, will be made at the regular meeting, to be held Thursday night. Mrs. Emma Correll, of Lima, will be inspecting officer. A class of candidates also will be initiated. A covered dish supper will be served. Mrs. Henry Williams is worthy matron and Mrs. Guy Kerah, secretary.

Mrs. H. J. Aubry was in Custar, Wednesday, called there because of the illness of her mother, Mrs. Julia Louy, who has been in ill health for the past several weeks.

Mrs. John Spurlock is spending several days in Toledo.

MRS. JOHN'S DIES
Mrs. Alice Johns, 71, of 609 Harrison-av., died Tuesday night at the City hospital from paralysis after an illness of four years.

She is survived by one daughter, Mrs. J. A. Dillon, with whom she lived and a son, Ernest Johns, of Findlay. Funeral arrangements have not been made.

Mrs. Thomas R. Schoonover, S. Cole-st., presided at a one o'clock luncheon and bridge at her home, Wednesday, entertaining the members of the Wednesday Luncheon Bridge club and a few guests. Four tables were filled for the afternoon's card games, following the luncheon.

Mrs. Earl Rohn, W. Elm-st., opened her home Tuesday evening to the members of the Sunshine society. A "radio program" was enjoyed and two piano solos were given by Miss Doris Rohn, daughter of the hostess. A two-course luncheon was served by the hostess, assisted by Miss Edith Jones.

Mrs. Lloyd Olds of Ypsilanti, Mich., a former member of the club, was a guest.
The club will meet in two weeks with Mrs. Jennie Eger and Miss Mary Arthur as joint hostesses.

Mrs. John Galvin, W. Market-st., left for Peru, Ind., Wednesday, where she will spend a few days with her mother, Mrs. John Fetter.

FALSE FIRE

Chief Mack Stations Caught Fourth-st Box

Sixth false alarm turned in two Main-st and Fourth-st fire alarm box within the past two months answered at 10:30 p. m. Tuesday by city firemen at an estimated cost of \$50 to the city.

Fire Chief John Mack has stationed guards near the box and attempts of persons to send in alarm over that box will result in their arrest.

Police cooperation with firemen in suppression of false fire alarms has been promised and Chief Mack will insist upon the maximum fine in criminal court for offenders, he announced.

GIRL KILLED
LORAIN — Katie Panchyshyn, 14, was instantly killed when she was struck by a taxi driven by Chas. Lyle here last night. Lyle was released by police when witnesses said he was not to blame.

"IF ANYONE WANTS TO KNOW ABOUT TANLAC LET THEM SEE ME"

Says Joseph Baker of Memphis in Praising World's Greatest Tonic—Tells of Recovery.

"If anybody wants to find out about Tanlac, just let them see me," is the hearty suggestion of Joseph H. Baker, 350 North Third St., Memphis, Tenn.

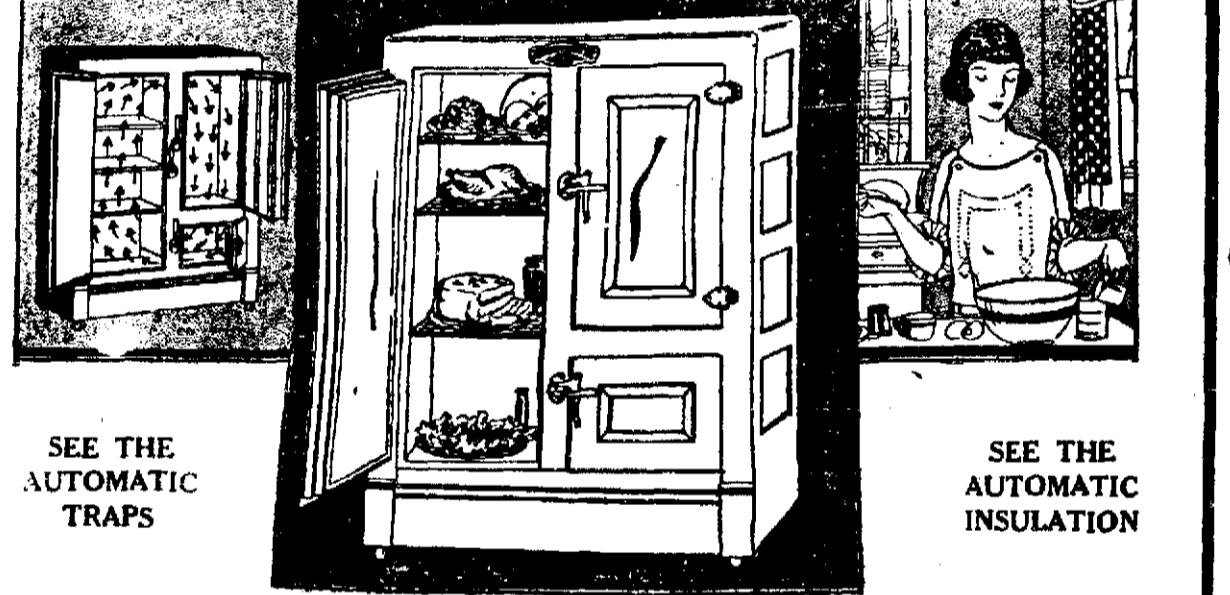

Mr. Baker went overseas with the famous Thirtieth Division during the World War and participated in the St. Mihiel, Valley of the Vosges and Argonne drives, having been cited for bravery in action in the Argonne.

He is now a popular member of the Memphis Fire Department.
"When I came back from overseas," said he, "I was in a mighty bad fix. I had been gassed and after getting home I got down with pneumonia. This left me 'all in' without appetite, down in weight, liver out of fix, and suffering from constipation, biliousness and headaches without end.
"Tanlac put me to eating as never before, shot my weight up fifteen pounds and made a strong, well man of me—and I feel fine even to this day. I can't say enough for Tanlac."
Tanlac is for sale by all good druggists. Accept no substitute.

Take Tanlac Vegetable Pills. adv.

EXTRA! AUTOMATIC EXTRA!

The Refrigerator That PROVES Its Economy

How Long Will The Ice Keep?

Monday morning at 9 o'clock we put 100 pounds of ice in one of these Automatic Refrigerators. Watch our windows. See how long the ice will last in an Automatic as compared with any other refrigerator made.

There's a specially designed glass door panel in this Automatic so you can readily see the ice from day to day, and you can figure for yourself the ice saving qualities of this "king of refrigerators."

See the Automatic water tank, it is standard equipment.

As A Special Inducement
For the balance of this week we will put any Automatic Refrigerator in your home for only \$100 DOWN

These refrigerators are the product of the famous Illinois Refrigerator Co.

Prices Range From 19 and up

The Price Depends on The Size And The Different Features

Take advantage of this offer now and have the choice of every model that is made. Come in and make your selection and we will hold your purchase for future delivery or we will deliver to you at once on the payment of only \$1 DOWN.

All food is safe in the Automatic and the ice consumption is the lowest possible. Be sure and see the demonstration.

STOCKS PURSUE
MIXED COURSESHeavy Selling Brings Decline in
Many Issues

RAILS CONTINUE STRONG

New Low is Registered by
American SugarLIBERTY BONDS
First 4 1/2% 99.20
Second 4 1/2% 99.20
Third 4 1/2% 100.50
Fourth 4 1/2% 100.21

NEW YORK—(Associated Press)—Mixed price movements prevailed at the opening of today's stock market, which apparently failed to reflect the initial dealings. Doves report took place in a majority of issues, although Norfolk and Western shares were under renewed motor pressure. Willy-Overland suffered dropped fractionally to a new low at 75.

Pending closer analysis of the Dawes committee's recommendations, stock market operators were disinclined to commit themselves and prices continued to vary little either way. Selling appeared, however, in some of the market leaders, including United States Steel, Baldwin, American Can and Studebaker, while General Electric, Canadian Pacific and Dupont were heavy. There were signs of accumulation of some of the low-priced railroad shares, notably Missouri Pacific preferred which advanced a point. Burns Brothers A, responded to declaration of the regular dividend with a 1 1/2 point gain. American Sugar was offered freely, declining 1 1/2 to a new low price for the year at 48 1/4. Foreign exchanges opened higher.

A sharp break of 3 1/4 points in Wool worth to 308, following announcement of a splitting up of the stock with the new \$25 shares placed on a \$3 annual dividend basis, provided the main feature of the morning trading in which speculative interest generally continued at a low ebb. Heavy liquidation resulted from disappointment over the amount of the dividend. Sugar stocks were unsettled by the break in American Sugar to a new low for the year, both Outta Alegre and Cuba Cane losing ground. Rails attracted a fair demand, New Orleans, Texas and Mexico leading the list with a gain of more than two points. American Agricultural issues recovered one to three points and Burns Brothers A and B stock extended their early gains. Call money opened at 4 1/4 per cent.

ELECTRIC LOCOS
GET TESTSD. T. & L. Railroad Working on
Motive Power Units

Tests of the new transformers and motor-generator rectifiers to be used by the D. T. & L. railroad in electrification of the road thru Lima have proven very successful, it was announced Wednesday by the Ford interests.

This announcement is taken to prove that the electrification of the future line and the consequent benefit to Lima is being seriously considered by the railroad.

Among the things that will be given to Lima, it is understood, are large freight yards, repair shops and possibly a Ford automobile assembly plant. No official announcement regarding this has been made, however.

Further tests of the electric locomotive will be made from time to time, the announcement indicates.

HUSBAND DESERTED HER
WIFE SAYS IN PETITION

Charging that her mate absconded and left her year ago after 23 years of married experience, Mrs. Margaret McMane filed a petition in common pleas court Wednesday asking a divorce from Andrew W. McMane, of Toledo.

The two were married in 1900. There are three children, Dorothy 22, Andrew 12, and Paul 10. Mrs. McMane asserts that when her husband left her, without funds, mortgage holders seized her furniture, and she and her children became objects of charity.

SCHOOL INJUNCTION CASE
HEARD; DECISION DEFERRED

Decision in an injunction action brought by A. D. Swinehart, as trustee, to halt carrying out of a contract between the Lima school board and the Schachne Studios Co., Dayton, for decoration of South High school, was reserved by Judge Fred C. Becker, at the conclusion of a hearing Tuesday.

Contract for the work was let to Schachne for \$3,000. Swinehart told the court that the bid did not include cost of erecting and taking down scaffolds, as required.

EMERSON WILL HEARING
SCHEDULED FOR FRIDAY

Hearing to interpret the contents of the purported will of the late Mrs. Emma Emerson, Spencerville, will be held in probate court Friday afternoon.

Admission of the contents, will be fought by Mrs. Anna B. Weaver, who is seeking to divorce her mate O. B. Weaver.

Witness who signed the document will affirm that the instrument bequeathed her estate to Hazel and Harold Weaver. Mrs. Weaver is accused of destroying the will by her husband.

NERVOUS & HALF-SICK WOMEN

Relieved by taking Lydia E. Pinkham's Vegetable Compound

These Three Letters Prove It

Lowell, Mass.—"I am sending you a few lines to let you know what good your medicine has done for me. I want you to let every one know that it has helped me in nervous troubles. I have four children and you know there is a lot to do where children are. They would come in from school and they would start telling me about their little troubles but I could not stand it. I had to send them away. I could not even walk on the street alone I was so nervous. I found one of your books and read it and then I saw in the paper about Lydia E. Pinkham's Vegetable Compound. I got it and had taken one bottle when I saw a change in myself. I was surprised. The children can talk all they want to now and it does not bother me. I am still taking the Vegetable Compound."—Mrs. JOSEPH LEMERE, 31 South Street, Lowell, Mass.

Felt Like A New Woman
Springfield, Missouri.—"For four or five months I was run-down, nervous, my back ached and I did not feel like doing a thing. Sometimes my legs ached and felt like they would break and I had a hurting in my sides. I had been reading in the newspapers the letters of other women who had taken Lydia E. Pinkham's Vegetable Compound and the advertising of it appealed to me so I bought some and saw results in almost no time. I had hardly been able to do my own work and after taking the Vegetable Compound I felt like a new woman. I recommend it to my friends who have troubles like I did, and hope they will find the same results."—Mrs. M. CARPENTER, 607 W. Chase Street, Springfield, Missouri.

40 Years Old, Feels Like 20
Hagerstown, Md.—"I was very bad off with backache, a bearing-down feeling in my body and a pain in my left side. I could not be on my feet at times and once I was so bad I walked bent over to one side for three weeks. My sister read of Lydia E. Pinkham's Vegetable Compound and got me a bottle. I got so much relief that I took more until I was well. I am 40 years old and feel like 20. I am sure this medicine will help all women."—Mrs. MARY E. SANDY, 436 W. Franklin Street, Hagerstown, Md.

Over 100,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 per cent of these replies are "Yes." That means that 98 out of every 100 women who take this medicine for the ailments for which it is recommended are benefited by it. All druggists are having increased sales of this medicine.

High Blood Pressure
Often Brought On by
an Unhealthy Liver

Diseases of heart, kidneys, blood vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

Science now understands how the liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Guided by this knowledge, medical science has found the only way to help the liver create the purifying bile without which no human can live. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

GOOD LOOKS GOOD HEALTH

WENDELL'S SALTS, AMBITION BRAND—this is the answer. Some of you ladies who read this may have complexion disturbed by liver spots and discoloration. If this is the case, worry about it as you don't use face lotions. Just go at once to Enterprise Drug Co. and get a large bottle of WENDELL'S SALTS, AMBITION BRAND for only sixty cents. It will clear your complexion by helping to drive from your system the poisonous uric acid that is at the root of the trouble. Destroy that and your good looks and health will return.

WENDELL'S SALTS, AMBITION BRAND, is a wonderful preparation for indigestion, biliousness, constipation, headache, rheumatism, malaria, nervousness, kidney troubles—when caused by uric acid poison.

Remember, WENDELL'S SALTS, AMBITION BRAND, is guaranteed by Enterprise Drug Co. and dealers everywhere. It is pleasant to take, acts quickly, and you can get your money back on the first bottle purchased if dissatisfied.

FACE AFFECTED WITH ECZEMA

Also Behind Ears and On Limbs. Cuticura Heals.

"I was affected with eczema which broke out in a rash. I had it on my face, behind my ears and on my limbs. My skin was sore and red and my clothing aggravated it. It itched and burned causing me to scratch, and sometimes I could not sleep at night. My face was disfigured.

"I finally read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I got relief so purchased more, and after using one box of Cuticura Soap, I was healed." (Signed) Miss Arvilla C. Chrysler, 2639 Taylor St. N. E., Minneapolis, Minn.

Use Cuticura for all toilet purposes.
